To whom it may concern,

This letter is to attest that the Barton Memorial Hospital Board of Directors and its administrators are aware that our facility, Barton Memorial Hospital, has performance ratings less than SPC-3 / NPC-5 and that the hospital building is required to meet the January 1, 2030 deadline for substantial compliance with those regulations and standards. The attestation is made for two buildings, the Original & Nursing Wing Addition, BLDG 1 and the Two-Story Addition BLDG 2.

Thank you

Richard Belli
