Re: Senate Bill 2190: Board of Directors Attestation of Hospital Building Seismic Compliance
St. Joseph Hospital, Orange, Facility #10457

Dear Mr. Bhatia:

This letter is in response to the requirements identified in Assembly Bill 2190, Section 130066 and California Title 24, Chapter 6, Article 1, Section 1.5.1.4, which requires the hospital to submit a letter of attestation regarding Senate Bill 1953 seismic compliance requirements for the January 1, 2030 compliance deadline.

The Board of Trustees for St. Joseph Hospital is aware that any hospital buildings that are currently rated SPC 1, rated SPC 2, or rated less than NPC 5, must meet the January 1, 2030 seismic compliance deadlines.

Sincerely,

Jeremy S. Zoch, PhD, MHA, FACHE
Chief Executive
