Carl Scheuerman
Compliance Officer
Seismic Compliance Unit
Facility Development Division
2020 West El Camino Avenue, Suite 800
Sacramento, CA 95833

Regarding: Redlands Community Hospital
AB 2190 Attestation

Dear Mr. Scheuerman,

Pursuant to Health and Safety Code Section 130066, this correspondence confirms awareness on the part of the Board of Directors of Redlands Community Hospital (RCH) of the seismic safety regulations or standards described in Section 130065 and the current requirement that all applicable buildings are to meet the January 1, 2030 deadline for substantial compliance with those regulations and standards.

The RCH Board of Directors was most recently informed of the January 1, 2030 deadline at their meeting of November 7, 2019. This was accomplished through a verbal report of the October 24, 2019 Facilities Master Plan Committee meeting by that Committee's Chair to the Board of Directors. The written minutes of the October 24, 2019 Facilities Master Plan Committee were also included in the packet for the November 7, 2019 RCH Board Meeting.

Please feel free to contact me directly should you or office require additional information related to this topic.

Sincerely,

A handwritten signature in black ink, reading "Harvey S. Hansen".

Harvey S. Hansen
