

December 12, 2019

Office of Statewide Health Planning and Development (OSHPD)  
Carl Scheuerman, Compliance Officer  
Seismic Compliance Unit, Facilities Development Division  
2020 West El Camino Avenue, Suite 800  
Sacramento, CA 95833

Dear Mr. Scheuerman,

This letter is in response to the AB 2190 Attestation Reminders your office sent to **MemorialCare Saddleback Medical Center – 12755 ("SMC")**, respectively. In your correspondence, you cited Health & Safety Code Section 130066, which requires that each hospital facility that is not in full compliance with the Hospital Facilities Seismic Safety Act submit an attestation that the board of directors of that hospital is aware of that the hospital building is required to meet the January 1, 2030 deadline for substantial compliance with the regulations and standards described in Health & Safety Code Section 130065.

I hereby attest that the governing board of SMC is aware of the applicable requirements referenced in Health & Safety Code 130065 and received detailed information regarding this matter at its regularly scheduled meeting on September 16, 2019.

If you need further information about the presentation to the governing board, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Aaron Coley". The signature is fluid and cursive, with the first and last names being clearly legible.

Aaron Coley
