Office of Statewide Health Planning and Development (OSHPD)
Carl Scheuerman, Compliance Officer
Seismic Compliance Unit, Facilities Development Division
2020 West El Camino Avenue, Suite 800
Sacramento, CA 95833

Dear Mr. Scheuerman,

This letter is in response to the AB 2190 Attestation Reminders your office sent to **MemorialCare Long Beach Medical Center – 11846 ("LBMC")** and **MemorialCare Miller Children's & Women's Hospital Long Beach – 17572 ("MCWHLB")**, respectively. In your correspondence, you cited Health & Safety Code Section 130066, which requires that each hospital facility that is not in full compliance with the Hospital Facilities Seismic Safety Act submit an attestation that the board of directors of that hospital is aware of that the hospital building is required to meet the January 1, 2030 deadline for substantial compliance with the regulations and standards described in Health & Safety Code Section 130065.

I hereby attest that the governing board of LBMC is aware of the applicable requirements referenced in Health & Safety Code 130065 at its regularly scheduled meeting on September 17, 2019. LBMC is the sole member of MCWHLB, and as such, LBMC's governing board also serves as the governing board for MCWHLB. Thus, this attestation is on behalf of both facilities referenced above.

If you need further information about the presentation to the governing board, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "John Bishop".

John Bishop
Chief Executive Officer
