9/30/2019

On September 30, 2019 the governing body of Encompass Health Rehabilitation Hospital met and approved this letter acknowledging that by 2030 the hospital will have to make certain improvements to come into compliance with California standards. Specifically the hospital will install a 72 hour water storage tank as well as a 72 hour sewer storage tank in advance of the 2030 deadline.

Sincerely,

Seth Rogers
CEO
Encompass Health Rehabilitation Hospital of Modesto
