

2019 CBSC Intervening Code Cycle Updates

Changes Impacting Hospital Design and Construction and What to Expect

Tuesday, January 12, 2021
Tuesday, February 9, 2021
10:00 – 11:30 a.m., Pacific Time

Are your hospital construction plans up to code? Every three years, California adopts a new set of building codes. And in between those cycles OSHPD has the opportunity to make corrections and minor changes in the intervening 2019 California Building Standards Code (CBSC), California Code of Regulations, Title 24. It is being published in January 2021 and becomes effective July 2021. That means all building permit applications submitted on or after July 1 must be compliant with these intervening requirements. Changes to the code are significant and broad in scope. Hospitals planning or considering new construction projects should not miss this informational two-session webinar series.

Due to the amount of information to be presented and the time limitations of a webinar, this presentation will be broken into two sessions.

Office of Statewide Health Planning and Development (OSHPD) Technical Lead Disciplines will outline important changes in the intervening CBSC and explain what healthcare facilities, design professionals, and their construction teams should consider to achieve compliance.

OSHPD SPEAKERS

Richard Tannahill, Architect
Supervisor, Building Standards Unit
Facilities Development Division

Roy Lobo, Ph.D., Principal Structural Engineer
Structural Services Section
Facilities Development Division

Bill Gow, Senior Electrical Engineer
Building Standards Unit
Facilities Development Division

Dave Mason, Senior Mechanical Engineer
Building Standards Unit
Facilities Development Division

AGENDA

[Session 1 – January 12, 2021](#) (AIA 1.5 LU | HSW)

- Introduction
- California Administrative Code
- California Building Code

[Session 2 – February 9, 2021](#) (AIA 1.5 LU | HSW)

- California Electrical Code
- California Mechanical Code
- California Plumbing Code
- California Existing Building Code

REGISTRATION AND INSTRUCTIONS

Fee: Complimentary

To Register: Click on the separate Agenda Dates above for the Session(s) you would like to attend. Upon registration, you will receive a confirmation email with Login Instructions.

Note: Multiple staff members from one office should **register INDIVIDUALLY** to receive separate log-ins.

A *certificate of completion* will be emailed from GoToWebinar to registered attendees who log-in and attend the day-of webinar. Certificates **will not** be available from OSHPD.

The presentation is accessed through GoToWebinar. If necessary, it is suggested that you download the app and install in advance of the webinar.

Who Should Attend?

Architects; Structural, Electrical, and Mechanical Engineers; Hospital Representatives; Chief Operating Officers; Contractors; Construction Managers; Inspectors of Record; and others interested or involved in Hospital Construction.
