

# Agenda Item V: Hospital Equity Measures Advisory Committee Glossary of Health Equity Terms

Ignatius Bau, Health Equity Subject Matter Expert

# Purpose of the Glossary of Health Equity Terms

- To be used by the Advisory Committee in its future discussions
- To be a resource for hospitals when preparing their hospital equity reports
- To be a resource for HCAI as it continues its programmatic and internal work on advancing health equity

# Glossary of Health Equity Terms

- Racial equity
- Health disparities
- Health inequities

# Glossary of Health Equity Terms

- Social determinants of health
- Health-related social needs
- Social risks
- Social drivers of health

# Committee Vote

The committee recommends adopting the glossary of health equity terms as a resource for hospitals and HCAI.
