Introduction & Purpose

Michael Valle, Deputy Director, Chief Information Officer, HCAI

Overview of the HPD Program

Christopher Krawczyk, Ph.D.

Chief Analytics Officer, HCAI

Advancing Existing and Planning for New Data and Analytics

COST + **UTILIZATION** + **QUALITY**

What does the Healthcare Payments Data Program Do?

The HPD collects data from:
- ✓ Commercial and Medicare Advantage health plans and insurers
- ✓ Department of Health Care Services (Medi-Cal)
- ✓ Centers for Medicare and Medicaid Services (Medicare Fee-For Service)

Data that is collected:
- ✓ Claims data
- ✓ Encounter data
- ✓ Member enrollment
- ✓ Provider registry data

How data is used:
- ✓ Inform healthcare policy decisions
- ✓ Support improved health care cost and quality
- ✓ Develop innovative approaches to the delivery of health care

Access and Information

HPD Snapshot

- High-level views of data available in HPD
- Volume of medical procedures and pharmacy claims by payer type and year
- Visualization and underlying data publicly released June 27: HPD Snapshot

HPD Measures

- Chronic conditions, demographics, and utilization dashboards
- User-controlled filters for location, payer, additional demographics (age, sex)
- Publicly released September 6: HPD Measures

Pharmaceutical Cost

- Starting point for reporting on cost
- Public release in mid-December

Review of the HPD Snapshot
Alyssa Borders, Ph.D., Research Scientist, HCAI
