

2022 CBSC Triennial Code Cycle Updates

for

Part 2-Volume 2, Part 3, Part 4, Part 5, and Part 10

Changes Impacting Hospital Design and Construction and What to Expect

Wednesday, October 5, 2022
2:00 – 4:00 p.m., Pacific Time

Are your hospital construction plans up to code? Every three years, California adopts a new set of building codes. The 2022 California Building Standards Code (CBSC), California Code of Regulations, Title 24, was published in July 2022 and will become effective January 1, 2023. That means all building permit applications submitted on or after January 1 must be compliant with the 2022 code. Changes to the code are significant and broad in scope.

AGENDA

2:00: California Electrical Code, Part 3

2:30: California Mechanical Code, Part 4
California Plumbing Code, Part 5

3:00: California Building Code, Part 2, Volume 2
California Existing Building Code, Part 10

HCAI SPEAKERS

Jamie Schnick, Sr. Electrical Engineer
Building Standards Unit
Facilities Development Division

Larry Enright, Sr. Mechanical Engineer
Building Standards Unit
Facilities Development Division

Roy Lobo, Ph.D., Principal Structural Engineer
Structural Services Section
Facilities Development Division

REGISTRATION AND INSTRUCTIONS

Fee: Complimentary
