

2022 CBSC Triennial Fire Code Updates for **Part 2 and Part 9**

Changes Impacting Hospital Design and Construction and What to Expect

Thursday, October 27, 2022

10:00 a.m. – 12:00 p.m., Pacific Time

Are your hospital construction plans up to code? Every three years, California adopts a new set of building codes. The 2022 California Building Standards Code (CBSC), California Code of Regulations, Title 24, was published in July 2022 and will become effective January 1, 2023. That means all building permit applications submitted on or after January 1 must be compliant with the 2022 code. Changes to the code are significant and broad in scope.

AGENDA

California Building and Fire Code Updates, Fire and Life Safety

- Fire and Life Safety updates to the 2022 CBC will be presented.
- Fire and Life Safety updates to the 2022 CFC will be presented.

HCAI SPEAKER

Nanci Timmins

Chief Fire & Life Safety Officer
Fire Prevention Unit
Facilities Development Division, HCAI
