What are the Penalties?

A hospital that fails to file a required report by July 1 of each year is liable for a civil penalty of one hundred dollars (\$100) for each day after the due date that the required report is not filed. If the report is delinquent at the time the next report is due, HCAI, on an annual basis, shall determine a maximum civil penalty of no less than thirty-six thousand, five hundred dollars (\$36,500) for failure to file a required report.

The notice shall be provided by email to the authorized individual identified by the hospital as the primary contact person on the Department's website using the registration portal. HCAI will calculate the accrued penalty of one hundred dollars (\$100) for each day after the due date that the required report is not filed or a maximum civil penalty of no less than thirty-six thousand, five hundred dollars (\$36,500).

The penalty letter will include the following information:

- A form that may be used to request an appeal hearing.

What is the Appeals Process?

A hospital that has received notice of an accrued penalty may appeal the penalty assessment by filing a written request for hearing no later than 30 days from the date of the notice. The request shall be filed with an HCAI Hearing Officer either via email at HearingOfficer@hcai.ca.gov or mailed to the HCAI Hearing Officer at the Legal Office of the Department of Health Care Access and Information in Sacramento.

Diverse Procurement Spending – Other

For the reporting period, enter the dollar amounts procured by your hospital from those business enterprises that employ the majority of their workforce in California. If details are not accessible, enter Total Procurement amounts only. If the same amounts are included in multiple categories, enter those dollars in the Duplicate Amount fields.

When a supplier qualifies for more than one diverse category, their procurement total is reported in each category. To prevent the procurement from being counted multiple times in the combined total, the identical amount should be reported in the less duplicate amount row. Please see example below.

Business Ownership	Tier I Procurement	Tier II Procurement	Total Procurement
Minority	(Total from previous table)	(Total from previous table)	(Total from previous table)
Women			Will auto-populate
LGBT			Will auto-populate

Less Duplicate Amount (-)			Will auto-populate
Combined Total	Total will auto-populate	Total will auto-populate	Total will auto-populate

Example: For a Disabled Veteran and Women-owned business that your facility procured \$200 worth of supplies from, you would enter the \$200 in each corresponding category (Disabled Veteran and women, respectively) and then enter \$200 in the Less Duplicate Amount category to prevent duplicative dollar amounts being counted towards the combined total.

*****Please Note: you may use this template to assist you in gathering the information required for submission. Please provide the following information to the extent that the data is accessible.*****

General Information

Reporting Organization: [If a report is being completed by someone other than the facility, please enter the name of the reporting organization.]

System/Regional Network Description:

Report Period Start Date: [1/1/XXXX]

Report Period End Date: [12/31/XXXX]

*****Please Note: the reporting period will be for the previous year. For example if you are submitting a report on July 1, 2022 the reporting period would be for 1/1/2021-12/31/2021.*****

Supplier Certification

Do you require suppliers to be certified? [Yes/No]

*****Please Note: the next question will only populate if you answered yes to the previous question*****

Do you accept self-certification? [Yes/No]

*****Please Note: self-certification is defined as the practice of making an official declaration that something complies with regulatory standards or procedures without independent substantiating evidence*****

Diverse Procurement Spending – Minorities

For the reporting period, enter the dollar amounts procured by your hospital from those business enterprises that employ the majority of their workforce in California. If details are not accessible, enter Total Procurement amounts only.

Tier I procurement means the procurement by direct contract between a hospital and a supplier directly to provide goods and services that support the operations of your hospital. Tier II procurement means procurement by any agreement or arrangement between a contractor and any third party.

If \$0 were spent on procurement for a category enter \$0. If the data is not accessible, please leave the category blank.

*****Please Note: you will be unable to enter anything but rounded whole numbers in the following table.*****

Business Ownership	Tier I Procurement	Tier II Procurement	Total Procurement
African American			Will auto-populate
Hispanic American			Will auto-populate
Native American			Will auto-populate
Asian Pacific American			Will auto-populate
Unknown			Will auto-populate
TOTAL	Total will auto-populate	Total will auto-populate	Total will auto-populate

Diverse Procurement Spending – Other

For the reporting period, enter the dollar amounts procured by your hospital from those business enterprises that employ the majority of their workforce in California. If details are not accessible, enter Total Procurement amounts only. If the same amounts are included in multiple categories, enter those dollars in the Duplicate Amount fields.

When a supplier qualifies for more than one diverse category, their procurement total is reported in each category. To prevent the procurement from being counted multiple times in the combined total, the identical amount should be reported in the less duplicate amount row. Please see example below.

Business Ownership	Tier I Procurement	Tier II Procurement	Total Procurement
Minority	(Total from previous table)	(Total from previous table)	(Total from previous table)
Women			Will auto-populate
LGBT			Will auto-populate
Disabled Veteran			Will auto-populate
Less Duplicate Amount (-)			Will auto-populate
Combined Total	Total will auto-populate	Total will auto-populate	Total will auto-populate

Example: For a Disabled Veteran and Women-owned business that your facility procured \$200 worth of supplies from, you would enter the \$200 in each corresponding category (Disabled Veteran and Women, respectively) and then enter \$200 in the Less Duplicate Amount category to prevent duplicative dollar amounts being counted towards the combined total.
