Overview of Plan Registration (cont.)

2 Registration

Two different types of registration are required via the HPD portal: one for plans, and one for plans and delegated submitters.

2.1 Plan Registration

This includes any mandatory submitter, such as a health plan, insurer or public self-insured entity, and any voluntary submitter (directly or through an authorized agent of the voluntary submitter). For licensed entities such as health plans or insurers, the registration is at the license level.

"Am I Required to Register with the HPD Program?"

(m) "Plan" means a non-exempt health plan, health insurer, or public self-insured plan; and any voluntarily participating entity.

- Are you a "plan" as defined by the California Code of Regulations?
- Are you a public self-insured plan?
- Does your plan cover 40,000 or more California members or are you a Qualified Health Plan (Covered California)?
- If you are a voluntarily participating entity, have you reached out to the HCAI team for next steps?

"What can I do to prepare for registration?"

- Coordinate with the submitter(s) that will report eligibility, medical claims, pharmacy claims, and/or provider files on your behalf
- Identify your organization's…
  - NAIC number(s)
  - Insurance product offerings (e.g., HMO, POS, PPO)
  - License type (DMHC vs. CDI) and license number
- Clarify any regulatory questions that you may have with HCAI and Onpoint
