

# Agenda Item 5: Hospital Supplier Diversity Reporting Program Visualization Page Presentation

*Alma Lopez, Hospital Disclosures and Compliance Unit, HCAI (or designee)*

# Supplier Diversity in California Hospital Procurements, 2021-2023

The purpose of this visualization is to give data users an accessible and interactive view into California's hospital procurement data for the previous three reporting periods. The data is displayed using charts and graphs that may be filtered by hospital name, hospital type, geography, and whether the hospital requires businesses to be certified. This tool is offered solely for informational reasons and contains data reported on the Individual Hospital Supplier Diversity Plan for informational purposes.

**[Supplier Diversity in California Hospital Procurements, 2021-2023](#)**

# Key Findings

- The total diverse procurement spend reported between 2021 and 2023 increased by approximately 25%, while the ratio of total diverse procurement spend to total procurement spend increased by approximately one-tenth of a percent (0.1%).
- Between 2021 and 2023, the Unknown Minority category was identified to have had an overall increase of approximately 47%. During program engagement with hospitals about the data, increasing familiarity about the program and its requirements likely is resulting in greater levels of reporting overall, including for the Unknown Minority and other categories.
- The category with the highest reported growth between 2021 and 2023 was the Disabled Veteran category. It had an approximate growth of 140%.
- The category with the lowest reported growth between 2021 and 2023 was the Asian Pacific American category. It had an approximate growth of nine percent (9%).
- One category was identified to have a decrease in reported spend between 2021 and 2023. The LGBT category saw an overall decrease in reported spend of approximately eighteen percent (-18%). Out of \$6.9 billion in reported diverse procurement, a total of \$106.8m spend was reported for LGBT businesses enterprises.
