2023 Hospital Supplier Diversity Commission Meeting

Chico Manning System VP Enterprise Supply Chain 3.21.23

FACT SHEET

PIH HEALTH

PIHHealth.org

PIH Health is a regional nonprofit healthcare delivery network serving more than 3 million residents in Los Angeles County, Orange County and the San Gabriel Valley.

ENTITIES

PIH Health is a nonprofit, integrated healthcare system governed by a volunteer Board of Directors. The organization provides high-quality healthcare and includes the following entities:

PIH Health Downey Hospital

PIH Health Downey Hospital officially became part of PIH Health in October 2013. As a 501(c)(3) nonprofit, 199-bed hospital, the Downey campus has provided quality care in a welcoming environment for more than 100 years.

PIH Health Good Samaritan Hospital

Founded in 1885, PIH Health Good Samaritan Hospital became part of PIH Health in December 2019. As a 501(c)(3) nonprofit, 408-bed acute care hospital, the downtown Los Angeles campus serves the healthcare needs of a growing and diverse community.

PIH Health Whittier Hospital

PIH Health Whittier Hospital opened in 1959. As a 501(c)(3) nonprofit, 523-bed hospital, the Whittier campus has developed into a health system offering a multitude of services.

PIH Health Physicians

A 501(c)(3) nonprofit medical group that is exclusively affiliated with PIH Health, the group is comprised of more than 150 primary care physicians and over 245 specialists who coordinate care from diagnosis to recovery.

PIH Health Home Healthcare

PIH Health Home Healthcare provides around-the-clock, quality care for patients in their own home. PIH Health Home Healthcare is certified by the Centers for Medicare and Medicaid Services.

Hospital Supplier Diversity Commission's First-Year Recommendations for Hospital Industry

	Recommendations for Hospital Industry
1 🗸	Executive leadership should create a supplier diversity policy statement that promotes the use of diverse suppliers.
2 🗸	Executive leadership should develop and implement outreach and reporting metrics that support contracting with diverse suppliers.
3 🗸	Executive leadership should develop and implement hospital supplier diversity procurement metrics that are owned by executive leadership.
4	Executive leadership should develop, implement, and fund an internal hospital accountability system to meet specified metrics related to outreach, diverse business usage and provision of technical support for implementation.
5	Executive leadership should develop and implement an inclusion policy for hospitals to identify and track spend with diverse business enterprises (E.g., MBE, WBE, DVBE, LGBTQBE).
6 🗸	Executive leadership should develop and implement procurement processes and policies to document and mitigate internal criteria that may limit or impede diverse suppliers' ability to competitively respond to bids.

Hospital Supplier Diversity Commission's First-Year Recommendations for Hospital Industry

7	Executive leadership should develop and implement a supplier diversity webpage to inform diverse suppliers on the hospital's procurement process including the contact information of a diverse business outreach liaison.
8	Executive leadership should require prime suppliers to measure and report on spend with diverse suppliers.
9	Executive leadership should require the review of contract language with prime suppliers to require supplier diversity metrics for any relevant sub-contracts.
10	Executive leadership should update how hospitals track and report their supplier diversity outreach efforts, in order to report on how many diverse
	entities are onboarded as suppliers or manufacturers (e.g., GPOs and direct suppliers).
11	Executive leadership should establish a percentage goal for diverse suppliers in GPOs.
12 🗸	Executive leadership should require diverse suppliers to get their certification through an authorized certification body prior to contract award.
