Data Submission Reminders

Data Submission Reminders

- Submissions due no later than **September 1, 2024**
- Reminder to set-up PGP encryption for OHCA file submission (or confirm using same PGP keypair as HPD submissions)
- Medi-Cal data is not required for submission during the first year of the THCE implementation
- As outlined in the Validations document, Onpoint will perform cross-file data quality checks on the Statewide TME, Regional TME, and Pharmacy Rebates files; this final stage of validation will follow CDM's automated quality checks, and results will be shared with submitters via email

Submitting Test Files

- Test files can be accepted as soon as PGP encryption is established
- Test files are encouraged to include real, complete production data
 - Variances can only be applied to real, complete production data (not test environment or dummy data)
 - Submitters will gain full understanding of how their dataset performs against CDM's automated data quality validations if real, complete production data is used during testing
- To submit a test file...
 - Populate a 'T' in the "Test File Flag" (HD006) in each file's header
 - If transferring data via SFTP: transfer files to your SFTP account's "TEST" directory

Submitter Roundtable

1:1 Meetings

1:1 Meetings

- In lieu of an August group meeting, OHCA will offer 30-minute 1:1 sessions
- OHCA will contact the Registrant and Technical Contact you provided during registration to schedule the session
- We ask that you
 - Interact with the system prior to the session (test data submission or production data)
 - Submit questions prior to the session if possible
