## MATERIAL CHANGE

### ADDITIONAL ENTITIES

Business Name	Description of the Organization	Ownership Type	Additional MCN Submission
Project Bluegrass Holdco, LLC	Please see attached Section 10 (Additional Entities Involved in the Transaction)	Limited Liability Company	No
Ascension Health Alliance d/b/a Ascension	Please see attached Section 10 (Additional Entities Involved in the Transaction)	Other	No

### CRITERIA

A health care entity with annual revenue, as defined in <a href="#">section 97435(d)</a> , of at least \$25 million or that owns or controls California assets of at least \$25 million, or;	Yes
A health care entity with annual revenue, as defined in <a href="#">section 97435(d)</a> , of at least \$10 million or that owns or controls California assets of at least \$10 million and is a party to a transaction with any health care entity satisfying subsection (b)(1), or	Yes
A health care entity located in a designated primary care health professional shortage area in California, as defined in Part 5 of Subchapter A of Chapter 1 of Title 42 of the Code of Federal Regulations (commencing with section 5.1), available at <a href="http://data.hrsa.gov">data.hrsa.gov</a> . To determine if you are located in a primary health care professional shortage area, please visit <a href="#">here</a>	Yes

### CIRCUMSTANCES FOR FILING

The proposed fair market value of the transaction is \$25 million or more and the transaction concerns the provision of health care services.	Yes
---	-----

The transaction is more likely than not to increase annual California-derived revenue of any health care entity that is a party to the transaction by either \$10 million or more or 20% or more of annual California-derived revenue at normal or stabilized levels of utilization or operation.	Yes
The transaction involves the sale, transfer, lease, exchange, option, encumbrance, or other disposition of 25% or more of the total California assets of the submitter(s).	Yes
<p>The transaction involves a transfer or change in control, responsibility or governance of the Submitter. A transaction will directly or indirectly transfer control, responsibility, or governance in whole or in part of a material amount of the assets or operations of a health care entity to one or more entities if:</p> <p>(1) The transaction would result in the transfer of 25% or more of the voting power of the members of the governing body of a health care entity, such as by adding one or more members, substituting one or more members, or through any other type of arrangement, written or oral; or</p> <p>(2) The transaction would vest voting rights significant enough to constitute a change in control such as supermajority rights, veto rights, and similar provisions even if ownership shares or representation on a governing body are less than 25%;</p>	Yes

## TRANSACTION DETAILS

Anticipated Date of Transaction Closure	11/30/2025
Description of the Transaction	Please see the attached Section 6(a) Description of the Transaction and reference Section 3(h) Description of Submitting Organization
Submitted to US Department of Justice or Federal Trade Commission?	Yes
Date of Submission	7/31/2025
Description of the Submission	Ambulatory TopCo, LLC filed premerger notifications with the Federal Trade Commission and U.S. Department of Justice on July 31, 2025, as required by the Hart-Scott-Rodino Antitrust Improvements Act of 1976, 15 USC § 18a, and its implementing regulations. The statute and regulations require premerger notifications to contain certain information about the Proposed Transaction, including the identities of the parties involved, the structure of the Proposed Transaction, and whether the parties currently derive revenue from any overlapping industry and product categories. The Federal Trade Commission's waiting period expires on September 2, 2025.

Submitted to Other Agency?	Yes
Date of Submission	7/25/2025
To Whom Submitted	See the attached Section 7_Ambulatory TopCo, LLC_Description of Submissions to Other Agencies (CONF)
Description of Submission (Include Agency name(s) and State(s))	See the attached Section 7_Ambulatory TopCo, LLC_Description of Submissions to Other Agencies (CONF)
Subject to court proceeding	No
Description of current services provided and expected post-transaction impacts on health care services	<p>(A) AMSURG currently performs services in Alameda, Fresno, Los Angeles, Marin, San Bernardino, San Diego, San Luis Obispo, Sacramento, San Mateo, Santa Clara, and Shasta counties. With the Proposed Transaction, Ascension intends to maintain AMSURG's existing locations and continue AMSURG's proven model of physician-led joint ventures and governance ensuring that physicians are empowered to share the delivery of care in their communities.</p> <p>(B) The AMSURG ambulatory surgical centers operating in California primarily offer gastrointestinal services. However, there are many centers that provide a range of other health care services, including ophthalmology, orthopedics, pain medicine, podiatry, otolaryngology (ENT), general surgery, plastic surgery, urology, obstetrics and gynecology, and cardiology health care services. Additionally, certain ambulatory surgical centers only offer one line of health care services, while other ambulatory surgical centers are multi-specialty and offer different lines of health care services.</p> <p>(C) AMSURG's California ambulatory surgery centers have collectively served approximately 64,000 patients. The centers provide care to a demographically diverse patient population, including individuals of all ages (from infants to the elderly), genders, racial and ethnic backgrounds, preferred language, and disability status. While many patients do not provide information regarding their demographics, the majority of patients providing such information identify as either non-Hispanic or Hispanic/Latino and the centers also serve patients identifying as American Indian or Alaska Native, Asian,</p>

	<p>Black or African American, and Native Hawaiian or other Pacific Islander. The ambulatory surgery centers maintain a broad payor mix, encompassing commercial insurance, Medicare and Medicare Advantage plans, Medicaid and managed Medicaid programs, TRICARE, and self-pay arrangements. Ascension does not intend to change the number and/or type of patients currently served.</p> <p>(D) AMSURG has not conducted any community needs assessments and does not formally maintain any charity care or community benefit programs. However, at many California ambulatory surgery centers, patient may apply for financial assistance on a case-by-case basis. Under Ascension's ownership the AmSurg ASCs will be operated and managed in a manner that (1) provides access to patient care services based on medical necessity, without regard to the patient's age, race, color, creed, ethnicity, religion, national origin, marital status, sex, sexual orientation, gender identity or expression, disability, veteran or military status, payor source, or ability to pay, (2) provides access to patient care services to individuals covered by Medicare, Medicaid, and other state or federal health care programs, and (3) provides charity care at levels consistent with Ascension's charity care policy, and conducts community benefit programs.</p> <p>(E) Yes and no post-transaction changes thereto.</p>
<p>Prior mergers or acquisitions that: (A) involved the same or related health care services;</p> <p>(B) involved at least one of the entities, or their parents, subsidiaries, predecessors, or successors, in the proposed transaction; and</p> <p>(C) were closed in the last ten years.</p>	<p>Acquisition of Ownership Interest in Spinal Diagnostics and Treatment Center: On March 1, 2017, AMSURG acquired an ownership interest in Daly City CA Pain, d/b/a Spinal Diagnostics and Treatment Center, a pain management center located at 901 Campus Dr. Ste 310. Daly City, CA. The Spinal Diagnostics and Treatment Center was closed and a Certificate of Cancellation for the LLC was filed on November 29, 2018 with the California Secretary of State.</p> <p>Acquisition of Ownership Interest in Folsom</p>

	Sierra Endoscopy Center: On September 8, 2018, AMSURG acquired an ownership interest in Folsom CA GI, d/b/a Folsom Sierra Endoscopy Center, an ambulatory surgery center specializing in gastroenterology located at 1671 Creekside Drive, Suite 100, Folsom, CA. On March 22, 2024, AMSURG exercised a buy-up option and purchased additional ownership interest in Folsom Sierra Endoscopy Center.
Description of Potential Post Transaction Changes	There will be no post-transaction changes in the entities owning and holding applicable California licenses and permits, no change in the balance of ownership interests of any of the California ambulatory surgery centers ("ASCs"), no change in the operating agreements or governance arrangements of any California ASCs, and no change in the services, leadership, or clinical or administrative staff of any California ASC. Further, there will be no post-transaction changes to any applicable city or county contracts regarding the provision of health care services. As noted above, Ascension does not have a direct presence in California, and intends to maintain the ASCs' operations in all material respects post-closing. As a consequence, the parties believe that the Proposed Transaction will have no impact to business line concentration nor competition in the California market including no negative impact upon the availability/accessibility of health care services, the quality of health care services, lessening of competition or creating a monopoly, nor entrenching or extending a dominant market position of any health care entity.
Description of the nature, scope, and dates of any pending or planned material changes occurring between the Submitter and any other entity, within the 12 months following the date of the notice	None.

Document Section 3(h) – Description of Submitting Organization

*[Please also reference Section 6(a) (Description of the Transaction)]*

AMSURG is a nationally recognized leader in the strategic and operational management of over 250 ambulatory surgery centers (“ASCs”) across 34 states (including 25 ASCs in California) that deliver high quality, high value, same-day surgical services with a superior patient experience. AMSURG combines technology, data analytics, patient engagement, and quality reporting that results in optimal outcomes for patients. As a result, AMSURG provides health care value, improves patient experience, and saves lives.

AMSURG ASCs offer gastroenterology, ophthalmology, orthopedics, urology, and other multi-specialty surgical services. AMSURG partners with physicians and hospitals/health systems to own and operate ASCs that perform to the highest standards of patient care and quality. Under AMSURG’s traditional physician partnership model, the ASC is co-owned with local surgeons and is operated by consensus between the surgeons and AMSURG. AMSURG also partners with hospitals and health systems, creating a mutually beneficial three-way joint venture partnership between health systems/hospitals, physicians, and AMSURG.

Pursuant to the Amended and Restated Limited Liability Company Agreement of Ambulatory TopCo, LLC (“TopCo”), dated as of November 2023, as amended (see “Section 11\_Item 9\_Ambulatory TopCo LLC Agreement”), TopCo is a holding company governed by a Board of Managers. TopCo, on behalf of AMSURG’s California ASCs, is submitting this Material Change Transaction Notice in connection with a proposed indirect equity purchase transaction pursuant to which Project Bluegrass Holdco, LLC, a wholly owned subsidiary of Ascension Health Alliance, a Missouri nonprofit corporation (“Ascension”) will purchase all of the equity interests of TopCo, resulting in an indirect change of ownership in the ASCs (the “Proposed Transaction”). None of AMSURG’s California ASCs are parties to the Proposed Transaction and AMSURG’s direct ownership interests in the California ASCs are held in at least five wholly-owned subsidiary entities below TopCo.

As such, in connection with consummation of the Proposed Transaction, there will be no transfer of operational control of any California ASC, no change in the entities owning and holding applicable California licenses and permits, no change in the direct ownership interests of any of the California ASCs, no change in the operating agreements or governance arrangements of any California ASCs, and no change in the services, leadership, or clinical or administrative staff of any California ASC.

## Section 6(a) – Description of Transaction

*[Please also reference Section 3(h) (Description of Submitting Organization)]*

Ambulatory TopCo, LLC (“TopCo”), AMSURG’s indirect parent entity, is submitting this Material Change Transaction Notice in connection with an Equity Purchase Agreement dated as of June 16, 2025 by and among Project Bluegrass Holdco, LLC (buyer), Ascension Health Alliance (“Ascension”) (buyer’s parent), TopCo (company), certain private equity and other institutional financial investors (sellers), and Pacific Investment Management Company, LLC (sellers’ representative) (the “Proposed Transaction”) (see “Section 11\_Item 2\_Equity Purchase Agreement”). The cash purchase price is \$3.9 billion and the parties desire to close the Proposed Transaction on November 30, 2025 or soon thereafter, subject to the submission of required filings and notices, receipt of required approvals, and satisfaction of other customary closing conditions.

Ascension, a Missouri non-profit corporation, is a large, non-profit health system and one of the largest Catholic health systems in the United States. As a Catholic health ministry, Ascension is focused on providing compassionate, personalized care, with a particular emphasis on serving those who are poor and vulnerable. Through its subsidiaries and affiliates, Ascension operates medical and surgical hospitals and facilities, specialty hospitals, outpatient centers, physician offices, senior living facilities, and home health care services in select markets across the United States.

Ascension does not currently have direct operations in California. For purposes of this MCN there is no Ascension “health care entity” or submitter, and as described below the Proposed Transaction will not impact market concentration, competition, affordability, or access to care. With the Proposed Transaction, Ascension intends to maintain AMSURG’s existing locations, branding, and continue AMSURG’s proven model of physician-led joint ventures and governance ensuring that physicians are empowered to share the delivery of care in their communities. The Proposed Transaction would result in the addition of more than 250 ambulatory surgery centers (“ASCs”) across 34 states (including 25 ASCs in California) to Ascension’s network, broadening Ascension’s network and enhancing its ability to deliver high-quality and lower-cost care in community-based settings. This aligns with Ascension’s long-term strategy of providing care to patients closer to where they live and in high-quality, lower-cost settings. Integration efforts, among other things, will focus on upholding and enhancing the quality, safety, and operational excellence that both organizations are known for, while also ensuring a seamless experience for patients and providers. The newly expanded network will operate with a shared commitment to Ascension’s foundational values — reverence, integrity, wisdom, creativity, and dedication to those most in need.

As reflected in the organization charts attached as “Section 11\_Item 6\_Ambulatory TopCo Pre- and Post-Transaction Charts,” TopCo has an indirect majority ownership interest (51%-55.25%) in the following 8 California ASCs: The San Diego CA Multi-Specialty ASC, LLC; Casa Colina Surgery Center, LLC; Campus Surgery Center, LLC; Waverley Surgery Center, LLC; The Burbank Ophthalmology ASC, L.P.; The Los Angeles/Inglewood Endoscopy, L.P.; Long Beach Surgery Center, L.P.; and Colton CA Multi ASC, L.P.

As reflected in “Section 11\_Item 6\_Ambulatory TopCo Pre- and Post-Transaction Charts,” TopCo has an indirect majority ownership interest (51%) in the following 10 California ASCs which in turn have an majority ownership interest (51%-100%) in certified registered nurse anesthesiology practices: The Endoscopy Center of the South Bay, L.P. & AmSurg South Bay Anesthesia, L.P.; The La Jolla Endoscopy Center, L.P. & La Jolla Anesthesia Associates, L.P.; The Escondido CA Endoscopy ASC, L.P. & Escondido Anesthesia Associates, L.P.; The San Luis Obispo CA Endoscopy ASC, L.P. & AmSurg San Luis Obispo Anesthesia, LLC; The Arcadia CA Endoscopy ASC, L.P. & AmSurg Arcadia Anesthesia, L.P.; The Oakland CA Endoscopy ASC, L.P. & AmSurg Oakland Anesthesia, L.P.; The Glendora CA Endoscopy ASC, L.P. & Glendora Anesthesia Associates, L.P.; Marin Endoscopy Center, LLC & AmSurg Marin Anesthesia, L.P.; Gastroenterology Associates Endoscopy Center, LLC & Redding Anesthesia Associates, L.P.; and Fresno CA Endoscopy ASC, L.P. & AmSurg Fresno CA Anesthesia, L.P.

As reflected in “Section 11\_Item 6\_Ambulatory TopCo Pre- and Post-Transaction Charts,” TopCo has an indirect minority ownership interest in the following 4 California ASCs: Poway CA Multi Specialty ASC, LLC (21%); Torrance Surgery Center, L.P. (38.1%); Fresno CA Multi ASC, L.P. (21.83%); and The Torrance CA Multi-Specialty ASC, LLC (26.78%). The Torrance CA Multi-Specialty ASC, LLC has ceased operations and the entity exists in this transaction solely for purposes of winding down.

As reflected in “Section 11\_Item 6\_Ambulatory TopCo Pre- and Post-Transaction Charts,” TopCo has an indirect minority ownership interest in the following 2 California ASCs which in turn have a majority ownership interest (99%-100%) in a certified registered nurse anesthesiology practice: Folsom Endoscopy Center (26%) & Folsom Anesthesia, L.P. and Clovis Endoscopy ASC, LLC (25%) & AmSurg Clovis CA Anesthesia, L.P.

For all of the ASCs, (1) the other ownership interests in these ASCs are held by physicians, physician-owned entities, hospitals/health systems, and/or trusts that are not parties to the Proposed Transaction and (2) the entity having direct ownership or control of the ASCs is at least five wholly-owned subsidiary entities below TopCo. As such, there will be no transfer of operational control of any California ASC or change in licensure, balance of ownership interests, governance arrangements, services, leadership, or clinical or administrative staff of any California ASC. As noted above, Ascension does not have a direct presence in California, and intends to maintain the ASCs’ operations in all material respects post-closing. As a consequence, the parties believe that the Proposed Transaction will have no impact to business line concentration nor competition in the California market including no negative impact upon the availability/accessibility of health care services, the quality of health care services, lessening of competition or creating a monopoly, nor entrenching or extending a dominant market position of any health care entity.

The parties to this transaction believe that this transaction is necessary and desirable for a number of key reasons.

Outpatient procedures (particularly in GI/orthopedics) have been shifting from a hospital setting to an ASC setting nationwide. This trend is driven by an ASC’s ability to provide patients with a

more convenient, accessible location to receive high quality services from providers that specialize in these procedures at a lower cost than hospital-based services.

With this Proposed Transaction, Ascension continues to respond to this shift and further its non-profit and charitable mission to deliver care that meets individuals where they are, in settings that are more accessible, more efficient, and more responsive to patients' evolving preferences and needs.

Ascension has a long-standing reputation for high clinical standards and strong physician partnerships. The Proposed Transaction will make AMSURG a more attractive partner for existing physician specialists and future generations of physicians. Indeed, despite AMSURG's investments in lower-cost, higher quality ASCs since it emerged from bankruptcy in 2023, there continues to be a perception of instability resulting from the prior ownership of AMSURG by Envision Healthcare.

The Proposed Transaction will allow Ascension to expand access to compassionate, high-quality outpatient care in communities across the country in a way that is more affordable, more local, and more centered around the dignity and well-being of patients.

Moreover, the parties believe that the Proposed Transaction will have a positive public impact and will benefit patients in California.

As mentioned above, through the Proposed Transaction, Ascension's primary objective is to grow its care delivery network and expand access to outpatient services in a way that aligns with Ascension's non-profit and charitable mission. Ultimately, Ascension believes that this Proposed Transaction will improve health outcomes for Californians.

AMSURG owns and operates ambulatory surgery centers ("ASCs") in collaboration with physicians and health systems. A recognized leader in ASCs operations, AMSURG has established a reputation for clinical excellence, strong physician partnerships, and operational innovation, resulting in quality outcomes and patient satisfaction. This is deeply aligned with Ascension's mission as a nonprofit, health system to provide compassionate, personalized care to all, especially those most in need. Further, it reflects Ascension's commitment to expanding access to care in a way that is more affordable, more local, and more centered around the dignity and well-being of those Ascension serves.

Ascension intends to continue AMSURG's proven model of physician-led joint ventures and governance. Ascension will ensure that clinical leadership remains central to each center's success and that physicians continue to be empowered to shape the delivery of care in their communities. Integration efforts will focus on upholding and enhancing the quality, safety and operational excellence that both organizations are known for, while also ensuring a seamless experience for patients and providers.

In recent years, Ascension has taken a thoughtful approach to growing its outpatient services to provide services to patients in the most appropriate setting. The Proposed Transaction is a continuation of Ascension's deliberate and disciplined strategy and will allow Ascension to

continue to respond to the transformation that is occurring in the shift from hospital to ambulatory outpatient care settings, including in California. The Proposed Acquisition enhances Ascension's ability to deliver care in the rapidly-growing surgical care sector and supports national healthcare trends favoring lower-cost, community-based care.
