### HEALTH CARE ENTITY CONTACT FOR PUBLIC INQUIRY

Title	President
First Name	Edward
Last Name	Cohen
Email Address	edward.cohen@uniohp.com
Street Address	21250 Hawthorne Blvd
City	Torrance
State	California
Postal Code	90503

### GENERAL

Business Name	Genesis Healthcare Partners, P.C.
Website	www.uniospecialtycare.com
Ownership Type	Professional Corporation
Tax Status	For-profit
Federal Tax ID	27-4002793
Description of Submitting Organization	Genesis Healthcare Partners, P.C. d/b/a Unio Specialty Care ("Genesis") is a physician practice dedicated to the diagnosis and treatment of urologic conditions, digestive health issues, and cancer through its licensed healthcare providers in Greater San Diego, Greater Los Angeles, Greater San Francisco and the surrounding areas. Genesis is a healthcare entity providing healthcare services as those terms are defined in 22 CCR § 97431. Genesis receives certain non-clinical administrative business support services from Unio Health Partners, LLC ("UHP").
Health Care Provider	Yes
For Providers: Desc. of Capacity or Patients served in California	Genesis is a physician group specializing in urology, gastroenterology and radiation oncology services. Genesis currently employs or contracts with 192 providers across fifty (50) clinical locations throughout California. Of the 192 providers, Genesis

	<p>employs or contracts 35 urologists, 64 gastroenterologists, 4 radiation oncologists, 39 nurse practitioners, 21 physician assistants, and 29 nurse anesthetists. Genesis also engages in clinical research and clinical trials, and provides its patients with radiation oncology, chronic care management, infusion services, ultrasounds, and other services ancillary to a traditional physician practice. Additionally, Genesis maintains in-house pathology laboratories and medically integrated pharmacies for advanced prostate cancer therapies and other appropriate therapies.</p>

## ADDITIONAL ENTITIES

<b>Business Name</b>	<b>Description of the Organization</b>	<b>Ownership Type</b>	<b>Additional MCN Submission</b>
Golden Gate Urology, Inc	Physician practice with 12 physicians that provide urology and radiation oncology services to patients in San Francisco and Alameda counties. In addition to physicians, Golden Gate has additional staff members, including, but not limited to, physician assistants, medical assistants, office assistants,	Corporation	No

	patient care coordinators, and a surgery coordinator.		
Unio Health Partners, LLC	Non-clinical administrative business support services	Limited Liability Company	No
Urology Partners of America, LLC	Holding Company	Limited Liability Company	No
Urology Partners of America Holdings, LLC	Holding Company	Limited Liability Company	No
GGU Physician Holdco, LLC	Holding Company	Limited Liability Company	No

## CRITERIA

A health care entity with annual revenue, as defined in <a href="#">section 97435(d)</a> , of at least \$25 million or that owns or controls California assets of at least \$25 million, or;	Yes
--	-----

## CIRCUMSTANCES FOR FILING

The proposed fair market value of the transaction is \$25 million or more and the transaction concerns the provision of health care services.	Yes
The transaction is more likely than not to increase annual California-derived revenue of any health care entity that is a party to the transaction by either \$10 million or more or 20% or more of annual California-derived revenue at normal or stabilized levels of utilization or operation.	Yes

## TRANSACTION DETAILS

Anticipated Date of Transaction Closure	7/24/2026
Description of the Transaction	Golden Gate will transfer certain clinical assets to Genesis and certain non-clinical assets to UHP or one of its affiliates. Golden Gate's physicians will enter into employment agreements with Genesis, and its shareholder-physicians will acquire Genesis

	<p>equity (collectively, the “Proposed Transaction”). Golden Gate is a 12 physician practice that provide urology and radiation oncology services to patients through locations in San Francisco and Alameda counties. Golden Gate also operates a cancer center. Golden Gate is a physician organization with less than 25 physicians. The Proposed Transaction will promote patient access to high-quality urology and radiation oncology services in Alameda and San Francisco counties. The collaboration between the parties will: (1) expand patient access to specialty and ancillary services through strengthened physician recruitment and retention; (2) improve care coordination and reduce fragmentation through unified practice management tools and electronic medical record systems; and (3) enhance quality and safety through improved health information systems, data analytics, and compliance capabilities. This collaboration will reduce patient wait times, allow patients to receive timely care, improve compliance capabilities to monitor outcomes, and ensure consistently high-quality care.</p> <p>The partnership is intended to improve clinical outcomes, enhance patient satisfaction and increase provider satisfaction by aligning common clinical values, and strengthening practice infrastructure. Genesis’s clinical research platform will provide patients with access to innovative therapies and cutting-edge treatment options, while UHP’s administrative support in billing, human resources, and IT will allow physicians to dedicate more time to patient care.</p> <p>The Proposed Transaction is not expected to have adverse competitive impacts because Genesis does not currently offer urology or radiation oncology services in San Francisco or Alameda counties.</p>
Submitted to US Department of Justice or Federal Trade Commission?	No
Submitted to Other Agency?	No
Subject to court proceeding	No
Description of current services provided and expected post-transaction impacts on health care services	In calendar year 2025, Genesis provided professional services to patients across 11 California counties. Genesis currently provides: (1) urology services in Los Angeles,

---

San Diego, San Bernardino, and Orange counties; (2) gastroenterology services in Los Angeles, San Francisco, Contra Costa, Santa Barbara, Ventura, Santa Clara, Orange, San Diego, Alameda, and San Mateo counties; and (3) radiation oncology services in San Diego County, where it operates a Cancer Center of Excellence. See Exhibit B for a list of Genesis's current physical clinic locations. As a result of the Proposed Transaction, Genesis will expand its patient care offerings to provide urology services in Alameda and San Francisco counties, as well as a cancer center in San Francisco County.

Genesis's urology and gastroenterology practices diagnose and treat urological conditions (including urologic cancers) and gastrointestinal conditions. Genesis operates two linear accelerators and one cyberknife unit across three San Diego County radiation oncology locations, primarily providing radiotherapy for prostate cancer treatment while also treating other forms of cancer. A multidisciplinary team of radiation oncologists, medical physicists, radiation therapists, and dosimetrists collaborate to develop individualized treatment plans for each patient. No changes to Genesis's service offerings are expected post-Transaction beyond the expansion of urology and radiation oncology services to Alameda and San Francisco counties.

Genesis serves all patients without discrimination based on age, gender, race, ethnicity, language, disability, or payer category. Patient demographics vary by county and service type, with over 99% being adults. Genesis maintains language access services for DHCS-designated threshold languages and accepts Medicare, Medi-Cal, commercial insurance, and participates in various California IPAs. As a result of the Proposed Transaction, Genesis will expand its service offerings to additional patients with varying demographic characteristics; Genesis does not anticipate any other changes to the patients it serves. Genesis will also expand the third-party payers it accepts and expand

	<p>on its existing relationships with third-party payers that it currently contracts with as a result of the Proposed Transaction. Genesis will continue to accept Medi-Cal and Medicare patients post-Transaction.</p> <p>Genesis maintains several community benefit activities, including Medi-Cal participation, PACE program services, charity care through hospital on-call programs, and participation in a San Diego County Medical Society charity care program. Genesis also maintains a Hardship and Charity Discounts Policy to ensure access to care regardless of a patient's ability to pay. Genesis does not anticipate any changes to these community benefit activities as a result of the Proposed Transaction.</p>
<p>Prior mergers or acquisitions that: (A) involved the same or related health care services; (B) involved at least one of the entities, or their parents, subsidiaries, predecessors, or successors, in the proposed transaction; and (C) were closed in the last ten years.</p>	<p>Genesis has acquired various clinical and non-clinical assets of certain entities via transactions that meet all three (3) elements described above. This includes transactions with the following entities on the following dates:</p> <ul style="list-style-type: none"> <li>• Skyline Urology, a California general partnership; September 30, 2021.</li> <li>• Paletz and Agatstein Urology Medical Group, Inc., a California professional corporation; December 31, 2021.</li> <li>• Robert G. Pugach, M.D., Inc., a California professional corporation; March 31, 2022.</li> <li>• inSite Digestive Health Care, a California general partnership; January 3, 2023.</li> <li>• Comprehensive GI Care, a Professional Medical Group, Inc.; November 13, 2025 (not a material change transaction).</li> </ul>
<p>Description of Potential Post Transaction Changes</p>	<p>As a result of the Proposed Transaction, Golden Gate's active shareholder-physicians will acquire shares in Genesis and will be able to appoint one representative on Genesis's Urology Physician Governance Board. The clinical locations in Alameda and San Francisco counties acquired by Genesis from Golden Gate as a result of the Proposed Transaction will be integrated into the Genesis structure. Otherwise, the operational</p>

---

structure of Genesis will remain the same post-Closing.

As a result of the Proposed Transaction, Golden Gate's active physicians will enter into employment agreements with Genesis. Other healthcare providers working at Golden Gate may also become employed by Genesis if they choose. Otherwise, Genesis does not expect the employee staffing levels, job security or retraining policies, employee wages, access to benefits, working conditions, or employment protections to change as a result of the Proposed Transaction.

Genesis is a party to two (2) county contracts regarding the provision of health care services that are unrelated to the Proposed Transaction, which are identified as follows:

- Standard Contract between The County of Contra Costa, California on behalf of Health Services – Contra Costa Health Plan and Genesis for the provision of gastroenterology, anesthesiology, and pathology services; and
- Scope of Work between The County of Santa Barbara Public Health Department and Genesis for the provision of gastroenterology services.

There are various health care entities and providers within twenty (20) miles of any Genesis clinical location that offer comparable health care services, including academic institutions, hospitals, health systems, government health centers, and private practices.

Please see Exhibit C attached hereto for a list of urology, gastroenterology, and radiation oncology providers within twenty (20) miles of any location of Genesis.

No post-transaction changes to ownership, governance, or operational structure of the other parties, including UHP, UPA, UPAH, GGU, and Holdco, are anticipated

---

Description of the nature, scope, and dates of any pending or planned material changes occurring between the Submitter and any other entity, within the 12 months following the date of the notice	None
