Attachment A

Description of Transaction

Description of the Anticipated Transaction Resulting in a Change to the Indirect Ownership of Vibra Hospital of San Diego, LLC

Vibra Hospital of San Diego, LLC is an inpatient medical rehabilitation hospital located at 101 Second Street, Suite 1800, San Francisco, CA 94105 (the “**Submitter**”). Submitter wishes to inform your office of an anticipated change in the upper-tier, indirect ownership of Submitter, as described below (the “**Transaction**”), which is expected to occur on or about May 31, 2026, or as soon as all applicable regulatory approvals are obtained. Additional details of the Transaction and the parties involved are included in response to the questions raised in the Material Change Notice (and other accompanying exhibits). An overview of the Transaction follows.

The Submitter is currently owned, through one or more subsidiaries, by Select Medical Holdings Corporation (“**Select Medical**”), which is a publicly traded corporation whose shares are listed on the New York Stock Exchange (NYSE: SEM). Select Medical has entered into a definitive agreement (the “**Merger Agreement**”) pursuant to which it will become a privately held company. Under the Merger Agreement, Stallion Intermediate Corporation (“**Stallion Intermediate**”), an entity affiliated with a consortium led by Robert A. Ortenzio, Executive Chairman, Co-Founder and Director of Select Medical, Martin F. Jackson, Senior Executive Vice President of Strategic Finance and Operations of Select Medical, and Select Medical’s multi-time capital partner, Welsh, Carson, Anderson & Stowe (“**WCAS**” and, together with Mr. Ortenzio and Mr. Jackson, the “**Consortium**”), will acquire all of the outstanding shares of common stock of Select Medical not already owned by the Consortium. Upon completion of the Transaction, Select Medical will be a wholly owned subsidiary of Stallion Intermediate. Stallion Intermediate will be wholly-owned by Stallion Group Parent, LP (“**Stallion Group Parent**”).

We have enclosed pre- and post-closing ownership charts depicting these changes for your reference, as Exhibit F to this Notice. As indicated in Exhibit E, the Transaction is occurring several levels above the Submitter. Accordingly, it is important to emphasize that the Transaction will **not** result in changes to (i) the legal existence of the entity that currently holds the license to provide health care services, (ii) Submitter’s name, tax identification number, location, NPI, or direct, parent-level ownership, or (iii) the type of services provided by Submitter or its day-to-day operations. Additionally, Select Medical and Submitter will continue to operate as usual during the pendency of and after the Transaction, with the same commitment to patients, employees and the community. Select Medical’s current management, as well as local leadership of Submitter, is expected to remain in place following the completion of the Transaction. In short, the Transaction will not result in any changes at the Submitter level, such that the Transaction will not have any impact on patient care or how patients interact with or receive health care services from Submitter or Select Medical.

Finally, please note that the Transaction will also involve other California entities, for which separate notices have been submitted. Such entities include:

- **Matrix Rehabilitation Inc.** and **SMCS Management LLC**, which are each management services organization providing only non-clinical management services to outpatient rehabilitation clinics across California, and
- **California Rehabilitation Institute, LLC** is an inpatient medical rehabilitation hospital.
