HCAI Program

Recommendations Development Process

Categories for Commission Recommendations

Bucket 1: Hospitals

Recommendations for hospitals.

Bucket 2: HCAI Director

Recommendations for types of data HCAI collects and makes available to meet the requirements of the statute.

Bucket 3: Other

- Recommendations for diverse suppliers and supplier councils and associations.
- Recommendations for broader policies, outside the scope of the statute.

Commission Discussion

Based on the first-year hospital reports and your expertise, what recommendations do you have:

- For the Hospital Industry regarding the best methods to increase procurement with diverse suppliers within the hospital industry?
- For the HCAI Director?
- For diverse suppliers, supplier councils, and broader policy work?
