Review Process

- Health and Safety Code Section 1339.87
 - Authorizes the Department to review plans for completeness.
 - Reviewing responses to new added questions.
 - Review that response aligns with the question.
 - Reach out to facilities regarding responses.
 - Hospitals shall report diverse procurement spend data to the extent that information is readily accessible.
- Review for data outliers:
 - Errors identified in the past include the following:
 - Incorrect spend data reported due to typo.
 - System procurement spend data submitted as individual spend data.
 - Aggregated spend data reported at a system level in addition to the individual plan submission.
