The HCAi Vision

Every Californian should have access to equitable, affordable, quality health care provided in a safe environment by a diverse workforce — guided by objective health information that improves outcomes for all.

Psychiatric Education Capacity Expansion (PECE) Psychiatric Mental Health Nurse Practitioner Program (PMHNP)

Program Goals

- Increase the number of underrepresented individuals in health professions training and practice.
- Create more equitable workforce geographic distribution.
- Support cultural and linguistic diversity.

Description of services

- Add PMHNP student slots to an existing PMHNP training program or create a new training program.
- Train PMHNP to work in underserved communities.
- Focus on delivering services to children and youth through age 25 and their caregivers.

PECE Grant Program Purpose

- To increase the supply of psychiatrist and PMHNPs trained to work in California.

PECE Guiding Principles

- Provide care that is client-centered for persons with or at risk of serious mental illness, with priority on early intervention.

- Provide care that is child- and youth-centered, with priority on early intervention.

- Ensure racial diversity, cultural humility, and a linguistically competent workforce.

- Conduct outreach to and engagement with the unserved, underserved, and inappropriately served.

- Use effective, innovative, evidence-based, and community-identified practices.

PECE Guiding Principles
(continued)

- Promote wellness, recovery, resilience, positive behavioral health and other outcomes among children and youth and their families.

- Include the viewpoints and expertise of persons with lived experience.

- Work collaboratively to deliver individualized, strengths-based, consumer- and family-driven services.

- Promote inter-professional care by working across disciplines.

- HCAI expects these guiding principles to be used by grantees to inform their educational materials and training.

Grant Program Funding

- Funding is available to fund both psychiatry residency and PMHNP training programs.

- The allocation of funds to each discipline will depend on application evaluation scores and geographic coverage across California.

Use of Grant Funds for PMHNP Programs

- **New Programs**: funds are intended to be used to obtain national accreditation and state Board of Registered Nurses approval of programs.

- **Program Expansion**: funds are intended to support operational costs associated with the training of additional students.

Grant Program: New Programs

- The grant period for New PMHNP Programs is **three years**.

- Funding is for universities to establish new programs through securing national accreditation and state BRN approval by **June 30, 2025**.

- HCAI will release grant funds in two payments:
    - 25% payment: when grant agreements are executed.
    - Balance of funds for allowable expenses: when HCAI receives:
        - Proof all required work is complete, including evidence of national accreditation and state BRN approval
        - Final Program Report

HCAi
Department of Health Care
Access and Information

Grant Program: Program Expansion

- The grant period for PMHNP Program Expansion is *five years*.

- The first year of the grant may be dedicated to developing the expansion, including applying for hiring faculty and field supervisors, and recruiting new students.

- During the first year, also seek national accreditation and BRN approval, if necessary.

Grant Program Awards

- **Non-supplantation:** Grants must be used to supplement existing funds and not to replace funds the grantee has received from another source for the same purpose.

- **Administrative/indirect costs:** Grant funds cannot be used for administrative or indirect costs. These costs are built into the grant award.

- **Award levels:** HCAI may award full, partial, or no funding to an applicant based on the applicant's evaluation score and the amount of available funds.

Questions?

Email: MHSAWET@hcai.ca.gov

Grant Application Basics

- Online application: https://oshpd.sjc1.qualtrics.com/jfe/form/SV_cVbECJBuGRXzTMO

- PDF version located in the HCAI website: https://hcai.ca.gov/loans-scholarships-grants/grants/bhp/

- Review the Grant Guide before starting the online application.

Grant Application Requirements

- List current and/or proposed field placement sites.

- Submit a letter of sustainability committing the sponsoring organization to support new or additional training slots when the HCAI grant ends.

HCAi
Department of Health Care
Access and Information

Grant Application Budget

- New PMHNP Training Programs:
  - Eligible programs may receive an award up to $1,000,000.

- Expansion of existing PMHNP Training Programs:
  - Eligible programs may receive $75,000 per filled first year positions.

Questions?

Email: MHSAWET@hcai.ca.gov

Grant Application Evaluation Criteria

Evaluation criteria include the following themes:

- Percent patients served in rotation sites who primarily speak Medi-Cal threshold languages.

- HPSA Mental Health Score based on location of rotation sites.

- Proportion of children and adolescents served by agencies which PMHNP students do rotations.

- Percent of rotation months in rural areas.

- Cultural and responsive care training in program's curriculum.

- Payor Mix (Medi-Cal, Medi-Cal/Medicare, and Uninsured Payers).

- Geography: HCAI also intends to support a geographic distribution across California.

# Annual Program Reports

Report on student outcomes.

- Program Reports required to receive ongoing funding.

- Reports due July 31 of each grant year.

- Elements
    - Information about the numbers of applicants and admitted student, and those interested in serving underserved communities.
    - Use of PECE values and principles in training materials.
