A. Background and Mission

Pursuant to the Song-Brown Health Care Workforce Training Act (Song-Brown Act), Health & Safety Code Sections 128200, et. seq., the California Healthcare Workforce Policy Commission (Commission) will consider applications to support the training of pre-licensure registered nurse programs. After review of the applications, the Commission makes recommendations for grant awards to the Director of the Office of Statewide Health Planning and Development (OSHPD).

OSHPD works to increase and diversify California’s healthcare workforce through the Healthcare Workforce Development Division (HWDD). The Song-Brown program funds institutions that train primary care health professionals to provide health care in California’s medically underserved areas. Competitive proposals demonstrate a commitment to Song-Brown goals and demonstrated success in meeting the three statutory priorities:

- Attracting and admitting underrepresented minorities and those from underserved communities
- Training students in underserved areas
- Placing graduates in underserved areas

B. Eligible Applicants, Available Funding, and Award Categories

1. Eligible Applicants

Each Registered Nurse Education Program approved for funding under the Song-Brown Health Care Workforce Training Act (hereinafter “the Act”) shall be operated by an accredited California school or program of Nursing or shall be approved by the Regents of the University of California or by the Trustees of the California State University and Colleges, or the Board of Governors of the California Community Colleges, and shall be approved by the Board of Registered Nursing pursuant to Section 2834-2837, Article 8, Chapter 6, Div. 2, of the Business and Professions Code.

2. Available Funding

OSHPD limits grant awards to the funds specified in the State Budget Act of 2020. This is a one-time grant opportunity with no implied or expressed guarantee of subsequent funding after the initial contract award resulting from this application.

Approximately \$2,725,000 in state funding is available to support pre-licensure registered nursing programs:

- Associate Degree of Nursing (ADN)
- Bachelor of Science, Nursing (BSN)
- Master of Science, Nursing (MSN)

Institutions with more than one level of nursing may submit only one application per category (i.e., Capitation and Special Programs). For example, a university with BSN and MSN nursing programs can submit a BSN or MSN program application, but not both.

Capitation and Special Programs require separate applications. Programs may submit applications for both funding categories.

OSHPD may award full, partial, or no funding to an applicant based on the applicant's success in meeting the selection criteria score and the amount of funds available to award.

3. Award Categories

a. Capitation Funding

Approximately \$1,725,000 in state funding is available to support programs through Capitation funding. Institutions with more than one level of nursing (e.g., a university with BSN and MSN nursing programs) may submit only one Capitation application.

Capitation funding is to support the costs (including faculty, support services, etc.) associated with educating a full-time RN pre-licensure student. Capitation awardees **cannot** use funds to assist students with nursing school tuition. Indirect costs are not allowed in Capitation grants.

The Song-Brown Act requires that registered nurse education programs approved for funding shall, at a minimum, maintain fiscal year (FY) 2004-05 expenditure levels.

For new training programs not in existence in FY 2004-05, the maintenance of effort will be based on the level of expenditures during the academic year in which the program first applied for and received Song-Brown funds. The Grantee shall use the funds awarded to develop new programs or to expand existing programs and shall not supplant existing state or local funds.

b. Special Programs Funding

Approximately \$1,000,000 in state funding is available to support Special Programs. The focus of the 2020 Special Programs is matriculation and pipelines. The evaluation criteria reflect this emphasis. Special Programs may include, but are not limited to:

- Creating a new or improving upon a learning assistant program
- Developing new or improving upon preexisting lab simulations
- Supporting expanded educational capacity
- Developing a nursing bridge program for veterans

Programs meeting the eligibility requirements may apply for a maximum award of \$125,000 for a project lasting no longer than two years. Although indirect costs are acceptable expenses, they shall not be in excess of eight percent of the total dollars requested. To maximize the funds available for program development, we recommend applicants waive or minimize the indirect costs they request.

C. Capitation and Special Programs Funding

Table 1: Summary of Award Categories

Award Category	Award Level	Maximum Number of Students	Budget Type
Capitation Funding ADN Programs BSN Programs MSN Programs	Up to \$200,000 Up to \$240,000 Up to \$240,000	Up to 10 Up to 10 Up to 10	Capitation
Special Programs Funding*	\$125,000 per program	N/A	Itemized budget

*Focus is on matriculation and pipelines.

D. Initiating an Application

The applicant is responsible for providing all necessary information and ensuring that the information contained in the application is accurate.

Applicants must register and submit all applications through the web-based eApp, <http://eapp.oshpd.ca.gov/funding>.

You must register as a new user or enter an existing username and password. Section N. eApp Technical Guide contains eApp information, including how to register and complete your application.

E. Budget Restrictions

Applicants seeking Capitation funding do not submit a proposed budget, as OSHPD will pay Grantees a capitated rate per student. The Grantee shall use these funds to expand nursing education services. The Grantee shall not use these funds to supplant existing state or local funds to provide nursing education.

OSHPD does not allow indirect costs for capitation funding.

F. Evaluation and Scoring Procedures

1. Review Process

During the review process, Song-Brown staff will verify submission of all required information as specified in this Grant Guide and score applications using only the established evaluation and scoring criteria. Staff will advise the Commission on application revisions. The most competitive applicants are those most consistent with the intent of this grant opportunity.

If, in the opinion of OSHPD, an application contains false or misleading information, or provides documentation that does not support an attribute or condition claimed, OSHPD will reject the application. OSHPD reserves the right to reject any or all applications or to reduce the amount funded to an applicant.

2. Evaluation and Scoring

OSHPD will calculate a quantitative score for each application using the information provided in the application. Please refer to Attachment A and B for Evaluation and Scoring Criteria.

Through the application process, OSHPD will evaluate each applicant's ability to meet the statutory priorities set forth in the Song-Brown Act, and the Standards and Guidelines for Funding adopted by the Commission.

Song-Brown subject matter expert (SME) review panels will review and score the qualitative sections of the Special Programs applications. Each SME review panel will consist of up to five SMEs representing registered nurses, as well as Commission members, consumer advocates, practice site representatives, those with backgrounds in workforce development or healthcare education programs, primary care residency physicians, and family nurse practitioners/physician assistants.

3. Presentations

After reviewing and scoring applications, Song-Brown staff will identify a select number of programs to present to the Commission at the January 13-14, 2021 Commission meeting. The Program Director, or other authorized representative, will provide a summary of the training program, an overview of successfully demonstrated strategies, and outcomes data for any current pipeline programs. The presentations serve to share information and best practices across programs. Applicants' presentations, or lack thereof, will not influence their final score. See Attachments F and G respectively for Capitation and Special Programs Presentation Guidelines.

Song-Brown encourages all applicants to attend the Commission meeting. Meeting attendance is voluntary and provides a valuable opportunity for programs to leverage the information, best practices, and expertise shared in the presentations to help identify and address any deficiencies or opportunities for continuous improvement of future Song-Brown grant applications. The meeting also provides an opportunity to address the Commission, if desired, and answer any questions the Commission might have.

G. Final Selections

During the funding meeting, the Commission will make award recommendations based on which applications best meet the Song-Brown goals and statutory priorities. Once the OSHPD Director concurs with the Commission award recommendations, OSHPD will announce Grantees.

H. Grant Agreement Deliverables and Payment Provisions

- Grantees will enter into two-year agreements.
- OSHPD does not allow indirect costs on Capitation grants.
- OSHPD makes payments in arrears and upon receipt of a quarterly certification from the program documenting the program has met the intent of the grant.
- All Grantees must submit the Final Report within 60 days of the end of grant term.
- OSHPD will withhold the final payment due to the Grantee under this agreement until OSHPD has received and approved the Final Report.

I. Additional Terms and Conditions

1. By submitting an application, you and your organization agree to the grant terms and conditions specified in this Grant Guide.
2. OSHPD does not accept alternate grant agreement language from a prospective Grantee. OSHPD will consider an agreement with such language to be a counteroffer and will reject it. OSHPD will not negotiate the terms and conditions outlined in Attachments H and I: Sample Grant Agreement.
3. If your program requires approval to contract from a coordinating authority, please inform the authority of the terms and conditions contained in the Sample Grant Agreement. OSHPD considers that the submission of an application implies express acceptance of the terms. All applicants must agree to the terms and conditions prior to receiving funds. OSHPD will not make changes to the terms and conditions specified in this Sample Grant Agreement.
4. Grantees shall use the funding established pursuant to this act to expand primary care services. Grantees shall not use these funds to supplant existing state or local funds to provide primary care services.

5. Grantees must sign and submit agreements by the due date. If the Grantee fails to sign and return the grant agreement by the due date, they may lose their award.
6. When the Grantee is a county, city, school district, or other local public body, a copy of the resolution, order, motion, ordinance, or other similar document shall accompany the signed grant from the local governing body authorizing execution of the agreement.
7. The Grantee will submit their Final Report and adhere to the deadlines as specified in this Grant Guide. It is the sole responsibility of the Grantee to adhere to the terms of the grant, and to anticipate potential overlaps, conflicts, and scheduling issues.
8. The Public Records Act shall apply to all grant deliverables, including reports, applications, and supporting documentation.
9. The Grantee shall submit in writing any requests to change or extend the grant or to change the budget at least 90 days before the grant end date.

J. Grant Questions and Answers

You can find answers to most questions in this Grant Guide and/or in the eApp. If you have any questions relating to the intent or interpretation of grant language, email Song-Brown staff at songbrown@oshpd.ca.gov.

Attachment C: California Healthcare Workforce Policy Commission Authorizing Statute: Health and Safety Code, Section 128200-128241

Health and Safety Code Section 128200. (a) This article shall be known and may be cited as the Song-Brown Health Care Workforce Training Act.

(b) (1) The Legislature hereby finds and declares that physicians engaged in family medicine are in very short supply in California. The current emphasis placed on specialization in medical education has resulted in a shortage of physicians trained to provide comprehensive primary health care to families. The Legislature hereby declares that it regards the furtherance of a greater supply of competent family physicians to be a public purpose of great importance and further declares the establishment of the program pursuant to this article to be a desirable, necessary, and economical method of increasing the number of family physicians to provide needed medical services to the people of California. The Legislature further declares that it is to the benefit of the state to assist in increasing the number of competent family physicians graduated by colleges and universities of this state to provide primary health care services to families within the state.

(2) The Legislature finds that the shortage of family physicians can be improved by the placing of a higher priority by public and private medical schools, hospitals, and other health care delivery systems in this state, on the recruitment and improved training of medical students and residents to meet the need for family physicians. To help accomplish this goal, each medical school in California is encouraged to organize a strong family medicine program or department. It is the intent of the Legislature that the programs or departments be headed by a physician who possesses specialty certification in the field of family medicine and has broad clinical experience in the field of family medicine.

(3) The Legislature further finds that encouraging the training of primary care physician's assistants and primary care nurse practitioners will assist in making primary health care services more accessible to the citizenry, and will, in conjunction with the training of family physicians, lead to an improved health care delivery system in California.

(4) Community hospitals in general and rural community hospitals in particular, as well as other health care delivery systems, are encouraged to develop family medicine residencies in affiliation or association with accredited medical schools, to help meet the need for family physicians in geographical areas of the state with recognized family primary health care needs. Utilization of expanded resources beyond university-based teaching hospitals should be emphasized, including facilities in rural areas wherever possible.

(5) The Legislature also finds and declares that nurses are in very short supply in California. The Legislature hereby declares that it regards the furtherance of a greater supply of nurses to be a public purpose of great importance and further declares the expansion of the program pursuant to this article to include nurses to be a desirable, necessary, and economical method of increasing the number of nurses to provide needed nursing services to the people of California.

(6) It is the intent of the Legislature to provide for a program designed primarily to increase the number of students and residents receiving quality education and training in the primary care specialties of family medicine, internal medicine, obstetrics and gynecology, and pediatrics and as primary care physician's assistants, primary care nurse practitioners, and registered nurses and to maximize the delivery of primary care family physician services to specific areas of California where there is a recognized unmet priority need. This program is intended to be implemented through contracts with accredited medical schools, teaching health centers, programs that train primary care physician's assistants, programs that train primary care nurse practitioners, programs that train registered nurses, hospitals, and other health care delivery systems based on per-student or per-resident capitation formulas. It is further intended by the Legislature that the programs will be professionally and administratively accountable so that the maximum cost-effectiveness will be achieved in meeting the professional training standards and criteria set forth in this article and Article 2 (commencing with Section 128250).

§128205. As used in this article, and Article 2 (commencing with Section 128250), the following terms mean:

§128224. The commission shall identify specific areas of the state where unmet priority needs for dentists, physicians, and registered nurses exist.

§128225. The commission shall do all of the following:

(a) Identify specific areas of the state where unmet priority needs for primary care family physicians and registered nurses exist.

(b) (1) Establish standards for primary care and family medicine training programs, primary care and family medicine residency programs, postgraduate osteopathic medical programs in primary care or family medicine, and primary care physician assistants programs and programs that train primary care nurse practitioners, including appropriate provisions to encourage primary care physicians, family physicians, osteopathic family physicians, primary care physician's assistants, and primary care nurse practitioners who receive training in accordance with this article and Article 2 (commencing with Section 128250) to provide needed services in areas of unmet need within the state. Standards for primary care and family medicine residency programs shall provide that all of the residency programs contracted for pursuant to this article and Article 2 (commencing with Section 128250) shall be approved by the Accreditation Council for Graduate Medical Education's Residency Review Committee for Family Medicine, Internal Medicine, Pediatrics, or Obstetrics and Gynecology. Standards for postgraduate osteopathic medical programs in primary care and family medicine, as approved by the American Osteopathic Association Committee on Postdoctoral Training for interns and residents, shall be established to meet the requirements of this subdivision in order to ensure that those programs are comparable to the other programs specified in this subdivision. Every program shall include a component of training designed for medically underserved multicultural communities, lower socioeconomic neighborhoods, or rural communities, and shall be organized to prepare program graduates for service in those neighborhoods and communities. Medical schools receiving funds under this article and Article 2 (commencing with Section 128250) shall have programs or departments that recognize family medicine as a major independent specialty. Existence of a written agreement of affiliation or association between a hospital and an accredited medical school shall be regarded by the commission as a favorable factor in considering recommendations to the director for allocation of funds appropriated to the state medical contract program established under this article and Article 2 (commencing with Section 128250).

Teaching health centers receiving funds under this article shall have programs or departments that recognize family medicine as a major independent specialty.

(2) For purposes of this subdivision, "primary care" and "family medicine" includes the general practice of medicine by osteopathic physicians.

(c) Establish standards for registered nurse training programs. The commission may accept those standards established by the Board of Registered Nursing.

(d) Review and make recommendations to the Director of the Office of Statewide Health Planning and Development concerning the funding of primary care and family medicine programs or departments and primary care and family medicine residencies and programs for the training of primary care physician assistants and primary care nurse practitioners that are submitted to the Healthcare Workforce Development Division for participation in the contract program established by this article and Article 2 (commencing with Section 128250). If the commission determines that a program proposal that has been approved for funding or that is the recipient of funds under this article and Article 2 (commencing with Section 128250) does not meet the standards established by the commission, it shall submit to the Director of the Office of Statewide Health Planning and Development and the Legislature a report detailing its objections. The commission may request the Office of Statewide Health Planning and Development to make advance allocations for program development costs from amounts appropriated for the purposes of this article and Article 2 (commencing with Section 128250).

(e) Review and make recommendations to the Director of the Office of Statewide Health Planning and Development concerning the funding of registered nurse training programs that are submitted to the Healthcare Workforce Development Division for participation in the contract program established by this article. If the commission determines that a program proposal that has been approved for funding or that is the recipient of funds under this article does not meet the standards established by the commission, it shall submit to the Director of the Office of Statewide Health Planning and Development and the Legislature a report detailing its objections. The commission may request the Office of Statewide Health Planning and Development to make advance allocations for program development costs from amounts appropriated for the purposes of this article.

(f) Establish contract criteria and single per-student and per-resident capitation formulas that shall determine the amounts to be transferred to institutions receiving contracts for the training of primary care and family medicine students and residents and primary care physician's assistants and primary care nurse practitioners and registered nurses pursuant to this article and Article 2 (commencing with Section 128250), except as otherwise provided in subdivision (d). Institutions applying for or in receipt of contracts pursuant to this article and Article 2 (commencing with Section 128250) may appeal to the director for waiver of these single capitation formulas. The director may grant the waiver in exceptional cases upon a clear showing by the institution that a waiver is essential to the institution's ability to provide a program of a quality comparable to those provided by institutions that have not received waivers, taking into account the public interest in program cost-effectiveness. Recipients of funds appropriated by this article and Article 2 (commencing with Section 128250) shall, as a minimum, maintain the level of expenditure for family medicine or primary care physician's assistant or family care nurse practitioner training that was provided by the recipients during the 1973-74 fiscal year.

Recipients of funds appropriated for registered nurse training pursuant to this article shall, as a minimum, maintain the level of expenditure for registered nurse training that was provided by recipients during the 2004-05 fiscal year. Funds appropriated under this article and Article 2 (commencing with Section 128250) shall be used to develop new programs or to expand existing programs and shall not replace funds supporting current family medicine or registered nurse training programs. Institutions applying for or in receipt of contracts pursuant to this article and Article 2 (commencing with Section 128250) may appeal to the director for waiver of this maintenance of effort provision. The director may grant the waiver if he or she determines that there is reasonable and proper cause to grant the waiver.

(g) (1) Review and make recommendations to the Director of the Office of Statewide Health Planning and Development concerning the funding of special programs that may be funded on other than a capitation rate basis. These special programs may include the Development and funding of the training of primary health care teams of primary care and family medicine residents or primary care or family physicians and primary care physician assistants or primary care nurse practitioners or registered nurses, undergraduate medical education programs in primary care or family medicine, and programs that link training programs and medically underserved communities in California that appear likely to result in the location and retention of training program graduates in those communities. These special programs also may include the development phase of new primary care or family medicine residency, primary care physician assistant programs, primary care nurse practitioner programs, or registered nurse programs.

(2) The commission shall establish standards and contract criteria for special programs recommended under this subdivision.

(h) Review and evaluate these programs regarding compliance with this article and Article 2 (commencing with Section 128250). One standard for evaluation shall be the number of recipients who, after completing the program, actually go on to serve in areas of unmet priority for primary care or family physicians in California or registered nurses who go on to serve in areas of unmet priority for registered nurses.

(i) Review and make recommendations to the Director of the Office of Statewide Health Planning and Development on the awarding of funds for the purpose of making loan assumption payments for medical students who contractually agree to enter a primary care specialty and practice primary care medicine for a minimum of three consecutive years following completion of a primary care residency training program pursuant to Article 2 (commencing with Section 128250).

§128225.5. (a) The commission shall review and make recommendations to the Director of the Office of Statewide Health Planning and Development concerning the provision of grants pursuant to this section. In making recommendations, the commission shall give priority to residency programs that demonstrate all of the following:

(b) The director shall do both of the following:

(1) Determine whether the residency programs recommended by the commission meet the standards established by this section.

(2) Select and contract on behalf of the state with accredited primary care or family medicine residency programs for the purpose of providing grants for the support of newly created residency positions.

(c) This section does not apply to funding appropriated in the annual Budget Act for the Song-Brown Health Care Workforce Training Act (Article 1 (commencing with Section 128200)).

(d) This section shall be operative only if funds are appropriated in the Budget Act of 2014 for the purposes described in this section.

(e) This section shall remain in effect only until January 1, 2018, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2018, deletes or extends that date.

§128230. When making recommendations to the Director of the Office of Statewide Health Planning and Development concerning the funding of primary care and family medicine programs or departments, primary care and family medicine residencies, and programs for the training of primary care physician assistants, primary care nurse practitioners, or registered nurses, the commission shall give priority to programs that have demonstrated success in the following areas:

(b) Success in attracting and admitting members of minority groups to the program.

(c) Success in attracting and admitting individuals who were former residents of medically underserved areas.

(d) Location of the program in a medically underserved area.

(e) The degree to which the program has agreed to accept individuals with an obligation to repay loans awarded pursuant to the Health Professions Education Fund.

(a) Determine whether primary care and family medicine, primary care physician's assistant training program proposals, primary care nurse practitioner training program proposals, and registered nurse training program proposals submitted to the California Healthcare Workforce Policy Commission for participation in the state medical contract program established by this article and Article 2 (commencing with Section 128250) meet the standards established by the commission.

(b) Select and contract on behalf of the state with accredited medical schools, teaching health centers, programs that train primary care physician's assistants, programs that train primary care nurse practitioners, hospitals, and other health care delivery systems for the purpose of training undergraduate medical students and residents in the specialties of internal medicine, obstetrics and gynecology, pediatrics, and family medicine.

Contracts shall be awarded to those institutions that best demonstrate the ability to provide quality education and training and to retain students and residents in specific areas of California where there is a recognized unmet priority need for primary care family physicians. Contracts shall be based upon the recommendations of the commission and in conformity with the contract criteria and program standards established by the commission.

(c) Select and contract on behalf of the state with programs that train registered nurses. Contracts shall be awarded to those institutions that best demonstrate the ability to provide quality education and training and to retain students and residents in specific areas of California where there is a recognized unmet priority need for registered nurses. Contracts shall be based upon the recommendations of the commission and in conformity with the contract criteria and program standards established by the commission.

(d) Terminate, upon 30 days' written notice, the contract of any institution whose program does not meet the standards established by the commission or that otherwise does not maintain proper compliance with this part, except as otherwise provided in contracts entered into by the director pursuant to this article and Article 2 (commencing with Section 128250).

The adoption of regulations implementing the applicable provisions of this act shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, safety, or general welfare. The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and shall remain in effect for no more than 180 days, by which time the final regulations shall be developed.

§128241. - ii. Records which relate to (i) litigation of the settlement of claims arising out of the performance of this Agreement, or (ii) costs and expenses of this Agreement as to which exception has been taken by the State or any of its duly authorized representatives, shall be retained by the training institution until disposition of such appeals, litigation, claims, or exceptions.

H. Budget Contingency Clause:

1. It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. In this event, the OSHPD shall have no liability to pay any funds whatsoever to Grantee or to furnish any other considerations under this Agreement and Grantee shall not be obligated to perform any provisions of this Agreement.
2. If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this Program, the OSHPD shall have the option to either cancel this Agreement with no liability occurring to OSHPD, or offer an Agreement amendment to Grantee to reflect the reduced amount.

I. Budget Adjustments:

1. Budget adjustments consist of a change within the approved budget that does not amend the total amount of the grant.
2. All requests to change the budget shall be submitted in writing for OSHPD approval and shall include an explanation for the reallocation of funds by the Grantee. An accounting of how the funds were expended will also be submitted with the Final Report.
3. All requests for extending the grant period shall be submitted in writing to OSHPD for approval. Requests for a time extension must be made to OSHPD no later than 90 calendar days prior to the expiration of the Agreement. There shall be no activity on an Agreement after its expiration.

J. General Terms and Conditions:

1. **Timeliness:** Time is of the essence in this Agreement. Grantee will submit the required deliverables as specified and adhere to the deadlines as specified in this Agreement. Anticipating potential overlaps, conflicts, and scheduling issues, to adhere to the terms of the Agreement, is the sole responsibility of the Grantee.

2. **Final Agreement:** This Agreement, along with the Grantee's Application, exhibits, and forms constitutes the entire and final agreement between the parties and supersedes any and all prior oral or written agreements or discussions.
3. **Ownership and Public Records Act:** All reports and the supporting documentation and data collected during the funding period which are embodied in those reports, shall become the property of the State and subject to the Public Records Act (GC 6250 et seq. code).
4. **Audits:** The Grantee agrees that OSHPD, the Department of General Services, the State Auditor, or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Agreement. The Grantee agrees to maintain such records for possible audit for a minimum of three years after final payment, unless a longer period of records retention is stipulated by the State. The Grantee agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, the Grantee agrees to include a similar right of the State to audit records and interview staff in any subcontract related to performance of this Agreement.
5. **Independence from the State:** Grantee and the agents and employees of Grantee, in the performance of this Agreement, shall act in an independent capacity and not as officers or employees or agents of the State.
6. **Non-Discrimination Clause:** (See Cal. Code Regs., title 2, section 11105):
 - a. During the performance of this Agreement, Grantee and its subcontractors shall not deny the Agreement's benefits to any person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status, nor shall they discriminate unlawfully against any employee or applicant for employment because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status. Grantee shall ensure that the evaluation and treatment of employees and applicants for employment are free of such discrimination.

- b. Grantee and its subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12900 et seq.), the regulations promulgated thereunder (Cal. Code Regs., tit. 2, §11000 et seq.), the provisions of Article 9.5, Chapter 1, Part 1, Division 3, Title 2 of the Government Code (Gov. Code §§11135-11139.5), and any regulations or standards adopted by OSHPD to implement such article.
 - c. Grantee shall permit access by representatives of the Department of Fair Employment and Housing and OSHPD upon reasonable notice at any time during the normal business hours, but in no case less than 24 hours' notice, to such of its books, records, accounts, and all other sources of information and its facilities as said Department or OSHPD shall require to ascertain compliance with this clause.
 - d. Grantee and its subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement.
 - e. Grantee shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under this Agreement.
7. Waiver: The waiver by OSHPD of a breach of any provision of this Agreement by the Grantee will not operate or be construed as a waiver of any other breach. OSHPD expressly reserves the right to disqualify Grantee from any future grant awards for failure to comply with the terms of this Agreement.
8. Approval: This Agreement is of no force or effect until signed by both parties. Grantee may not commence performance until such approval has been obtained.
9. Amendment: No amendment or variation of the terms of this Agreement shall be valid unless made in writing, signed by the parties, and approved as required. No oral understanding or Agreement not incorporated in the Agreement is binding on any of the parties.
10. Assignment: This Agreement is not assignable by the Grantee, either in whole or in part, without the consent of the State in the form of a formal written amendment.

11. Indemnification: Grantee agrees to indemnify, defend and save harmless the State, its officers, agents and employees (i) from any and all claims and losses accruing or resulting to any and all Grantee's, subcontractors, suppliers, laborers, and any other person, firm, or corporation furnishing or supplying work services, materials, or supplies resulting from the Grantee's performance of this Agreement, and (ii) from any and all claims and losses accruing or resulting to any person, firm, or corporation who may be injured or damaged by Grantee in the performance of this Agreement.

12. Disputes: Grantee shall continue with the responsibilities under this Agreement during any dispute. Any dispute arising under this Agreement, shall be resolved as follows:
 - a. The Grantee will discuss the problem informally with the Program Manager. If unresolved, the problem shall be presented, in writing, to the Deputy Director stating the issues in dispute, the basis for the Grantee's position, and the remedy sought. Grantee shall include copies of any documentary evidence and describe any other evidence that supports its position with its submission to the Deputy Director.

 - b. Within ten working days after receipt of the written grievance from the Grantee, the Deputy Director or their designee shall make a determination and shall respond in writing to the Grantee indicating the decision and reasons for it.

 - c. Within ten working days of receipt of the Deputy Director's decision, the Grantee may appeal the decision of the Deputy Director by submitting a written appeal to the Chief Deputy Director stating why the Grantee does not agree with the Deputy Director's decision. The Chief Deputy Director or their designee (who shall not be the Deputy Director or their designee) shall meet with the Grantee within 20 working days of receipt of the Grantee's appeal. During this meeting, the Grantee and OSHPD may present evidence in support of their positions.

 - d. Within ten working days after meeting with the Grantee, the Chief Deputy Director or their designee shall respond in writing to the Grantee with their decision. The Chief Deputy Director's decision will be final.

13. Termination for Cause: OSHPD may terminate this Agreement and be relieved of any payments should the Grantee fail to perform the requirements of this Agreement at the time and in the manner herein provided. Grantee shall return any Agreement Funds that were previously provided to Grantee for use within 60 days of termination.

If all grant funds have not been expended upon completion of the Agreement term, OSHPD will request the remittance of all unexpended funds. If OSHPD determines that improper payments have been made to Grantee, OSHPD will request disgorgement of all disallowed costs. Grantee may dispute disallowed costs in accordance with Section I, Paragraph 12. Grantee will submit a check or warrant for the amount due within 60 days of the Grantee's receipt of OSHPD's disgorgement request or 30 days from the Grantee's receipt of OSHPD's last Dispute decision. If Grantee fails to remit payment, OSHPD may withhold the amount due from any future grant payments.

14. Grantee's Subcontractors: Nothing contained in this Agreement shall create any contractual relationship between the State and the Grantee or any subcontractors, and no subcontract shall relieve the Grantee of its responsibilities and obligations hereunder. The Grantee agrees to be as fully responsible to the State for any and all acts and omissions of its subcontractors and of persons either directly or indirectly employed by the Grantee. The Grantee's obligation to pay its subcontractors is an independent obligation from OSHPD's obligation to disburse funds to the Grantee. As a result, the State shall have no obligation to pay or to enforce the payment of any money to any subcontractor.
15. Governing Law: This Agreement is governed by and shall be interpreted in accordance with the laws of the State of California.
16. Unenforceable Provision: In the event that any provision of this Agreement is unenforceable or held to be unenforceable, then the parties agree that all other provisions of this Agreement have force and effect and shall not be affected thereby.
17. Use of Funds: The funding established pursuant to this act shall be utilized to expand primary care services. These funds shall not be used to supplant existing state or local funds to provide primary care services.

H. Budget Contingency Clause:

1. It is mutually agreed that if the Budget Act of the current year and/or any subsequent years covered under this Agreement does not appropriate sufficient funds for the program, this Agreement shall be of no further force and effect. If unresolved, the problem shall be presented, in writing, to the Deputy Director stating the issues in dispute, the basis for the Grantee's position, and the remedy sought. Grantee shall include copies of any documentary evidence and describe any other evidence that supports its position with its submission to the Deputy Director.

The Grantee agrees to be as fully responsible to the State for any and all acts and omissions of its subcontractors and of persons either directly or indirectly employed by the Grantee. The Grantee's obligation to pay its subcontractors is an independent obligation from OSHPD's obligation to disburse funds to the Grantee. As a result, the State shall have no obligation to pay or to enforce the payment of any money to any subcontractor.
