EXPEDITED BUILDING PERMIT FOR WALL-MOUNTED TELEVISION/MONITOR BRACKET

FOR SINGLE STORY WOOD OR LIGHT STEEL FRAME CONSTRUCTION SKILLED NURSING FACILITIES & INTERMEDIATE CARE FACILITIES (OSHPD 2 Buildings)

A Companion Document to the OSHPD FREER Manual

Rev: February 2021
The Expedited Building Permit Guides are companion documents to the OSHPD Field Review, Exempt, and Expedited Review (FREER) Manual and are intended as general reference guides and/or checklists to facilitate **repair, maintenance, minor renovation/remodeling, or installation of certain equipment** projects.

The Expedited Building Permit Guides are intended only for single-story OSHPD 2 Skilled Nursing Facilities (SNFs) and Intermediate Care Facilities (ICFs) that are of wood-frame or light steel frame construction and excluded from the definition of “Hospital Building” in the California Administrative Code (CAC), ARTICLE 2, Section 7-111.

The use of this Expedited Building Permit Guide is made available for use at the discretion of the facility owner. OSHPD does not mandate the use of the Expedited Building Permit Guide for any condition. Use of project-specific design and construction documents prepared by a California licensed design professional in lieu of using the Expedited Building Permit Guide is always acceptable, and in some cases, may be required.

This Expedited Building Permit Guide gives no consideration to suitability for use in a specific application, compatibility with other building systems, appropriate use of materials or design, appearances, etc. The facility owner and/or his/her authorized agent shall review all such qualities, features, and/or properties to ensure compliance with the California Building Standards Code and all applicable local codes and ordinances, appropriate integration with other building systems, and proper design for the project-specific conditions and installation, etc.

While not mandatory, OSHPD recommends the facility have a California licensed architect or engineer, or a California licensed contractor assist in the review of the code compliance checklist provided in the Guide. In this manner the facility will have a better understanding of the scope of work that may be required for a code compliant project prior to beginning the work.

**Television (TV) / Monitor Bracket Installation**

A wall-mounted Television (TV) / Monitor bracket installation requires a Building Permit but may be exempt from the plan review process in accordance with Health & Safety Code (H&SC) Section 129875. Simple installation of TV/Monitor brackets in qualifying OSHPD 2 SNFs and ICFs may be considered exempt from plan review if certain criteria are met. This Expedited Building Permit Guide presents those criteria in a checklist format for general assessment of the specific project conditions. Installation of a TV/Monitor bracket without a permit is subject to an investigation fee, submittal of a project to the Office for plan review, demolition and/or rework of defective non-code complying work, etc. in accordance with the California Administrative Code, Title 24, Part 1, Section 7-128 *"Work Performed without a Permit".*
The facility owner or his/her authorized agent should review this checklist with the OSHPD Compliance Officer to determine program eligibility, to assess the specific project conditions and determination of possible approaches to the application, review, permitting, and construction process. Possible approaches include, but are not limited to:

**Installation with Minor Work** – For relatively simple installation of a wall-mounted TV/Monitor bracket, where minor modifications (no structural work beyond that which is provided in this guide or shown on OSHPD Preapproved Details (OPDs), OSHPD Preapproval of Manufacturer’s Certification (OPM)), repairs, or remedial work is necessary to bring the system into compliance with current code, this Expedited Building Permit Guide shall apply. The facility may have the work performed by its maintenance staff or by a California licensed contractor.

**Installation with More than Minor Work** -- For more involved installations of a wall-mounted TV/Monitor bracket where modifications, repairs or remedial work is necessary to bring the system into compliance with current code (such as structural work beyond that shown on details in this guide, OPDs, or OPMs), the facility shall involve a design professional. If the work is of sufficiently limited scope, field review by the Compliance Officer can be used under this Expedited Building Permit guide, however, more involved work will require submittal as a standard project and be reviewed by the Office by the Regional Architectural & Engineering Unit.

**Determination of Eligibility** – Determination of eligibility and appropriate permitting process is the responsibility of the OSHPD Regional Compliance Officer. Facilities are encouraged to work with their Compliance Officer prior to assuming eligibility or an approach to permitting.

**Inspections** – The approved Inspector of Record (IOR) must inspect the work prior to use. Interim inspection will be required when walls, ceilings or other construction materials will cover the finished work. Any deficiencies, identified through inspection, shall be corrected before use of the system is permitted. A “Certificate of Compliance” issued by the OSHPD Compliance Officer is required prior to use of the TV/Monitor bracket. Responsible parties shall file Verified Compliance Reports in accordance with the requirements of the Testing, Inspection, and Observation (TIO) Program. *(See Appendix A)*

**Manufacturer’s Written Installation, Operating, and Maintenance Instructions** -- The installation shall comply with the manufacturer’s written installation instructions. The installer (facility’s maintenance staff/contractor) shall leave or submit to the Compliance Officer the manufacturer’s installation, operating, and maintenance instructions in a location on the premises where they will be readily available for reference and guidance for the IOR, OSHPD staff, service personnel, and the owner or operator.
New Project/Building Permit Application Requirements

Step 1. Verify that the project is eligible for this program. Consultation with the OSHPD Compliance Officer is recommended.

Step 2. Use the eServices Portal online application process or download and print the Expedited Building Permit Guide and complete the Wall-mounted TV/Monitor Bracket Code Compliance Checklist beginning on page 4 of this Guide and complete the Application for New Project/Building Permit beginning on page 11 of this Guide. These documents may be filled-in manually or electronically.

Step 3. Prepare a plan/sketch showing the location(s) and elevation(s) of where the TV/Monitor bracket(s) will be installed.

Step 4. If not using the online application, print one (1) complete set of the entire package (the “Expedited Building Permit Guide” with completed checklist and application, sign and date (where required) and mail or deliver to:

For construction in **Northern California**, submit to:

Office of Statewide Health Planning and Development
Facilities Development Division
2020 West El Camino Ave, Suite 800
Sacramento, CA 95833
(916) 440-8300 phone
(916) 274-0102 fax

For construction in **Southern California**, submit to:

Office of Statewide Health Planning and Development
Facilities Development Division
355 S. Grand Ave., 19th Floor
Los Angeles, CA  90071
(213) 897-0166 phone
(213) 217-8511 fax

Upon issuance of the building permit for the project by OSHPD, you may submit a construction start letter and begin installation of the TV/Monitor bracket(s).
The following questions based on your answer may have requirements. These requirements will be communicated to you by the OSHPD Regional Compliance Officer.

**WALL- MOUNTED TV / MONITOR BRACKET CODE COMPLIANCE CHECKLIST**

**NOTE:** The OSHPD Compliance Officer will field verify compliance with this checklist and additional work may be required to bring the installation into code compliance if found to be deficient.

<table>
<thead>
<tr>
<th>PROJECT DESCRIPTION</th>

</tr>
</thead>
<tbody>
<tr>
<td>8. If installed in a corridor, will the TV/Monitor project horizontally from either side of a corridor more than 1½ inches into the required width of an exit access corridor? (Corridors serving patient areas require an exit width of 8 feet.)</td>
<td>☐</td>
<td>☐</td>
<td>☑</td>
</tr>
<tr>
<td>9. Is the Flat Display Mounting Hardware coordinated with the TV/Monitor to be installed (e.g. VESA Mounting Interface Standard, etc.) and any electrical/communication systems?</td>
<td>☐</td>
<td>☐</td>
<td>☑</td>
</tr>
<tr>
<td>10. Will the new monitors be used for access to an existing Electronic Medical Records (EMR) system?</td>
<td>☐</td>
<td>☐</td>
<td></td>
</tr>
</tbody>
</table>

*Commentary:* Monitors associated with the introduction of a new EMR system are not qualified for this program and must be submitted to the office for office review.
11. Will the leading edge of the TV/Monitor be installed more than 27 inches and not more than 80 inches above the finish floor or ground and not protrude more than 4 inches horizontally into the circulation path?

12. If the installation includes a monitor intended for interactive communication either by the patient or by medical staff (e.g. Electronic Medical Records) will it comply with either 12.a or 12.b as indicated below? (If yes, check the box for the applicable requirements)

12.a  The installation includes a non-interactive display and a keyboard and/or other input interface. This installation will allow the centerline of the display to be adjusted to a height of 52 inches, or less, above the floor level. The keyboard interface may be part of the unit and retractable to meet the conditions of Item #11 above, when not in use, or be wireless. If the keyboard interface is part of the unit, it can be adjusted to accommodate use by those seated in a mobility device (e.g. wheelchair, scooter, etc.). (Retractable keyboards may not be used to meet the conditions of Item #11 above.)

Compliance

</tr>
</tbody>
</table>
12.b The installation includes an interactive display (e.g. touch-screen) as the input interface. This installation will allow the top of the display to be lowered to a height of 48 inches above the floor level to accommodate unobstructed side reach as shown below. Clear floor space must be no more than 10 inches from the wall surface to be considered “unobstructed.”

FIGURE 11B-308.3.1
UNOBLSTRCTD SIDE REACH
13. TV/Monitor brackets’ support and attachments are pre-approved by OSHPD through OSHPD OPM Certification. Select the applicable OPM below to be used. (To be verified by the OSHPD Compliance Officer for applicability).

The following are currently approved OPMs for TV/Monitor brackets:

13.a **OPM-0049-13**

13.b **OPM-0061-13**

13.c **OPM-0075-13**

13.d **OPM-0084-13**

**Commentary:** Requirements for and verification responsibilities of a Structural Engineer, as required in the OPM Certification, shall not apply to projects that qualify for “Installation with Minor Work” under this Expedited Building Permit Guide.

14. Will the TV/Monitor bracket wall plate be anchored to two wood studs or wood blocking in accordance with the details below? Select either 14.a or 14.b as applicable:

**NOTE:** Pre-drill all holes with a bit 1/16" smaller than lag screw dia. All anchors must be into wood studs or solid wood blocking. Anchorage to gypsum board or other wall finish material is not acceptable.
For anchor locations not coinciding with existing wood studs, blocking to be added as shown below

2x wood stud
4x or 6x wood blocking, Douglas Fir I or Better
A34 Light gage framing clip (Do not omit any fasteners)

**WALL BLOCKING DETAIL**

14.a The TV/Monitor will have an articulating mount. The weight of the TV/Monitor will not exceed the weight shown in the table below for the maximum length of the bracket’s extension arm or as shown in the manufacturer’s written instructions, whichever is less.

<table>
<thead>
<tr>
<th>Two Stud, 4 Screw Pattern</th>
</tr>
</thead>
<tbody>
<tr>
<td>Maximum Arm Extension (inches)</td>
</tr>
<tr>
<td>Max. TV Weight (lbs)</td>
</tr>
</tbody>
</table>

*Maximum arm extension allows for movement all directions.*

14.b The TV/Monitor will have a tilt or flat mount (no extension arm) and will not exceed 150 lbs. or the maximum weight as shown in the manufacturer’s written instructions, whichever is less.

15. Will the TV/Monitor bracket wall plate will be anchored to one wood stud in accordance with the details below? Select 15.a or 15.b as applicable.

**NOTE:** Pre-drill all holes with a bit 1/16” smaller than lag screw dia. All anchors must be into wood studs or solid wood blocking. Anchorage to gypsum board or other wall finish materials is not acceptable.
15.a The TV/Monitor will have an articulating mount. The weight of the TV/Monitor will not exceed the weight shown in the table below for the maximum length of the bracket’s extension arm (circle the applicable weight) or as shown in the manufacturer’s written instructions of ______ lbs., whichever is less.

<table>
<thead>
<tr>
<th>Number of Screws</th>
<th>Arm Extension (inches)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>3</td>
</tr>
<tr>
<td>2</td>
<td>90</td>
</tr>
<tr>
<td>3</td>
<td>100</td>
</tr>
<tr>
<td>4 or More</td>
<td>100</td>
</tr>
</tbody>
</table>

Maximum arm extension must allow for free 180° swivel.

15.b The TV/Monitor will have a tilt or flat mount (no extension arm) and will not exceed 100 lbs. or the maximum weight as shown in the manufacturer’s written instructions of ______ lbs., whichever is less.

NOTE: The details provided herein may require a larger and/or longer fastener, additional blocking, etc. that exceeds the manufacturer’s requirements. Seismic (earthquake) loads have been factored into the design of these details and therefore, the most stringent requirements between these details and the manufacturer’s requirements must be followed.

The questions above based on your answer may have requirements. These requirements will be communicated to you by the OSHPD Regional Compliance Officer.

☐ Owner/Builder

OWNER-BUILDER DECLARATION

I hereby affirm under penalty of perjury that I am exempt from the Contractors State License Law for the following reason(s) indicated below by the checkmark(s) I have placed next to the applicable item(s) below: (Sec. 7031.5, Business and Professions Code: Any city or county that requires a permit to construct, alter, improve, demolish or repair any structure, prior to its issuance, also requires the applicant for the permit to file a signed statement that he/she is licensed pursuant to the provisions of the Contractors State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code) or that he/she is exempt from licensure and the basis for the alleged exemption. Any violation of Section 7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred dollars [$500].).

Please check all that apply for the following:

☐ I as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (Section 7044, Business and Professions Code: The Contractors State License Law does not apply to an owner of property who, through employees' or personal effort, builds or improves the property, provided that the improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the Owner-Builder will have the burden of proving that it was not built or improved for the purpose of sale.).

☐ I am exempt under Section: ______ , Building and Professions Code for this reason: ______________________________

☐ I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (Sec. 7044, Business and Professions Code: The Contractor's State License Law does not apply to an owner of property who builds or improves thereon, and who contracts for the projects with a contractor(s) licensed pursuant to the Contractor's State License Law.).

By my signature below I acknowledge that, I cannot legally sell a structure that I have built as an owner-builder if it has not been constructed in its entirety by licensed contractors. I understand that a copy of the applicable law, Section 7044 of the Business and Professions Code, is available upon request when this application is submitted or at the following website:
