

## The California Health Workforce Education and Training Council

### Biography

#### Judith Liu

Judith Liu is the Education Manager for the United Nurses Association of California Union of Healthcare Professionals. In this role, she plans and develops content to help nurses and other health care professionals achieve their professional and leadership goals while prioritizing work and life balance. She received her MSN in Nursing Administration from California State University, Dominguez Hills, and has over 16 years of nursing experience with a background in Intensive Care and Interventional Radiology. She currently works per diem as staff at Kaiser Permanente in the Post Anesthesia Care Unit. In 2018, she was Nursing Research Resident at Kaiser Southern California Regional Office. She also served as Chair of the Nursing Research Council at the local medical center. Liu is an advocate for evidence-based medicine and prioritizes ways to address health equity and mental health crisis.
