

## **Allied Healthcare Loan Repayment Program (AHLRP) for the County Medical Services Program (CMSP)**

### **Technical Assistance Schedule**

Our programs are highly competitive and not all who apply are awarded. Due to the volume of communications during the application cycle, individual responses can be expected 24-48 business hours from the time of your communication. HCAI encourages all applicants to attend one of our hosted technical assistance calls which provide immediate opportunities to ask questions and receive answers. Please see the schedule for these calls below and plan to join one of them.
