I. Introduction

The purpose of this document is to provide information regarding the policies and procedures under which the Hospital Building Safety Board (Board) performs its functions and duties.

II. Hospital Building Safety Board

The Board was statutorily created in 1973 (Senate Bill 519 - Alquist - Chapter 1130, Statutes of 1972). Subsequently, Senate Bill 961 (Chapter 303, Statutes of 1982) reauthorized the Board. In January 1994, Senate Bill 785 (Chapter 260, Statutes of 1993) significantly changed the composition and duties of the Board, and also changed the name of the Board to the Hospital Building Safety Board. The governing provisions are contained in Health and Safety (H&S) Code, Division 107, Part 7, Chapter 1, Article 5, Sections 129925 through 129960 and the State Building Standards Code, Part I, Title 24, CCR, Article 5, Sections 7-159 through 7-171.

III. Objectives of the Hospital Building Safety Board

In accordance with H&S Code, Section 129925 of the Health and Safety Code, the Board advises the Director of the Department of Health Care Access and Information (HCAI) and acts as the Appeals Board in all matters relating to the administration and enforcement of building standards relating to the design, construction, alteration, and seismic safety of health facility projects submitted to HCAI. The Board also acts as the Appeals Board in matters relating to all fire and panic safety regulations and alternate means of protection determinations for health facility projects submitted to HCAI.

Board Members serve the people of California, and as such their role includes their commitment for full participation in the Board's activities. The Board maintains continuing contact with professional groups and certain industry organizations through its committees. In this manner, the Board maintains an awareness of state-of-the-art knowledge of seismic structural theory and application, architectural, mechanical, geological, seismological, electrical, fire safety theory and application,

and of requirements for the disabled with regard to those health facilities constructed under the jurisdiction of HCAI.

All actions of the Board shall be transmitted in writing, on a regular basis, to the Director of HCAI.

In accordance with the Government Code, Chapter 13, Section 8870.95 of the Seismic Safety Commission Act, the Board shall produce an annual report addressed to the Seismic Safety Commission summarizing the year's accomplishments, studies, and appeals, as well as listing future goals and direction.
