

# Methodology for Calculating All Cause, Unplanned, 30-Day Hospital Readmission Rate, California Department of Health Care Access and Information

VERSION 1.3: DECEMBER 22, 2025

This measure estimates the hospital-level, unplanned, all-cause readmission rate after admission for any eligible condition within 30 days of hospital discharge. The measure reports hospital readmission rates and includes total number of admissions, total number of all-cause 30-day unplanned readmissions, and readmission rates.

## Summary of Inclusions/Exclusions for General Acute Care Hospital:

### Inclusions:

- Patient is aged 18 years or older
- Patient is alive upon discharge
- Patient is not transferred to another acute care hospital upon discharge
- A readmission within 30 days will also be eligible as an index admission, if it meets all other eligibility criteria. This allows the measure to capture repeated readmissions for the same patient, whether at the same or another hospital, to the extent information is available to the reporting hospital.
- Discharge from an acute care hospital

### Exclusions:

- Acute Psychiatric Hospitals
- Chemical Dependency Recovery Hospitals
- Psychiatric Health Facilities
- Children's Hospitals

This measure excludes index admissions for patients:

- Discharged with unverified or missing patient identifiers
- Discharged with a high volume of readmissions (10 or more visits in a calendar year)
- Discharged against medical advice
- Admitted to a Medicare Prospective Payment System-exempt cancer hospital

- Admitted for medical treatment of cancer
- Admitted for primary psychiatric diagnoses
- Admitted for rehabilitation
- Admitted for a potentially planned procedure without a principal discharge diagnosis of readmission that is acute or complication of care

**Numerator:** The outcome for this measure is unplanned all-cause 30-day readmission. We defined a readmission as an inpatient admission to any acute care hospitals which occurs within 30 days of the discharge date of an eligible index admission. All readmissions are counted as outcomes except those that are considered planned (i.e., scheduled surgery).

**Denominator:** Admissions to acute care hospitals for patients aged 18 years or older

**Calculation of 30-day readmission rate:**

$$\frac{\text{Number of stays with at least one unplanned subsequent hospital stay within 30 days}}{\text{Total number of hospital stays in one calendar year}}$$

**Summary of Inclusions/Exclusions for Children’s Hospitals:**

**Inclusions:**

- Patient is alive upon discharge
- Patient is not transferred to another acute care hospital upon discharge
- A readmission within 30 days will also be eligible as an index admission, if it meets all other eligibility criteria. This allows the measure to capture repeated readmissions for the same patient, whether at the same or another hospital.
- Discharge from an acute care hospital

**Exclusions:**

This measure excludes index admissions for patients:

- Discharged with unverified or missing patient identifiers
- Discharged with a high volume of readmissions (10 or more visits in a calendar year)
- Discharged against medical advice
- Admitted to a Medicare Prospective Payment System-exempt cancer hospital
- Admitted for medical treatment of cancer
- Admitted for primary psychiatric diagnoses
- Admitted for rehabilitation
- Admitted for a potentially planned procedure without a principal discharge diagnosis of readmission that is acute or complication of care

**Numerator:** The outcome for this measure is unplanned all-cause 30-day readmission. We defined a readmission as an inpatient admission to any children’s hospitals which occurs within 30 days of the discharge date of an eligible index admission. All readmissions are counted as outcomes except those that are considered planned (i.e., scheduled surgery).

**Denominator:** Admissions to children’s hospitals

**Calculation of 30-day readmission rate:**

$$\frac{\text{Number of stays with at least one unplanned subsequent hospital stay within 30 days}}{\text{Total number of hospital stays in one calendar year}}$$

**Summary of Inclusions/Exclusions for Acute Psychiatric Hospitals:**

**Inclusions:**

- Patient is aged 18 years or older
- Patient is alive upon discharge
- Patient is not transferred to another acute care or acute psychiatric hospital upon discharge
- A readmission within 30 days will also be eligible as an index admission, if it meets all other eligibility criteria. This allows the measure to capture repeated readmissions for the same patient, whether at the same or

- another hospital.
- Discharge from an acute care hospital

**Exclusions:**

This measure excludes index admissions for patients:

- Discharged with unverified or missing patient identifiers
- Discharged with a high volume of readmissions (10 or more visits in a calendar year)
- Discharged against medical advice
- Admitted to a Medicare Prospective Payment System-exempt cancer hospital
- Admitted for medical treatment of cancer
- Admitted for rehabilitation
- Admitted for a potentially planned procedure without a principal discharge diagnosis of readmission that is acute or complication of care

**Numerator:** The outcome for this measure is unplanned all-cause 30-day readmission. We defined a readmission as an inpatient admission to any acute care or acute psychiatric hospitals which occurs within 30 days of the discharge date of an eligible index admission. All readmissions are counted as outcomes except those that are considered planned (i.e., scheduled surgery).

**Denominator:** Admissions to acute care or acute psychiatric hospitals for patients aged 18 years or older

**Calculation of 30-day readmission rate:**

Number of stays with at least one unplanned subsequent hospital stay within 30 days

---

Total number of Hospital stays in one calendar year

**Figure 1.** Planned Readmission Flowchart, adapted from the 2024 Hospital-Wide Readmission Measure Updates and Specifications Report – Version 13.0, Yale New Haven Health Services Corporation, Center for Outcomes Research and Evaluation, prepared for the Centers for Medicare & Medicaid Services, April 2024.
